All that we have done to create the Antenna 1965 has been done for you. We strove to create a looking glass through which you can, in years to come, travel to the past. You will forget many of our faces as the years pass, but the spirit and ideals of AHS can never be lost in your memory. It is of these we seek to remind you.

But we wanted to elicit more than reminiscence from you. We wanted to portray the goals which you set for yourselves, the goals you reached, and the goals you surpassed--a guide for seeking new goals.

To this end, we, the managing staff, give you the Antenna 1965.

## VOLUME XI

For truth and beauty in our life, to Annandale we praise;  
The overcoming of our strife, to this our hearts we raise.  
Your teachings of honor, of wisdom and love  
Will guide us, dear Annandale, e'er as the sun above.

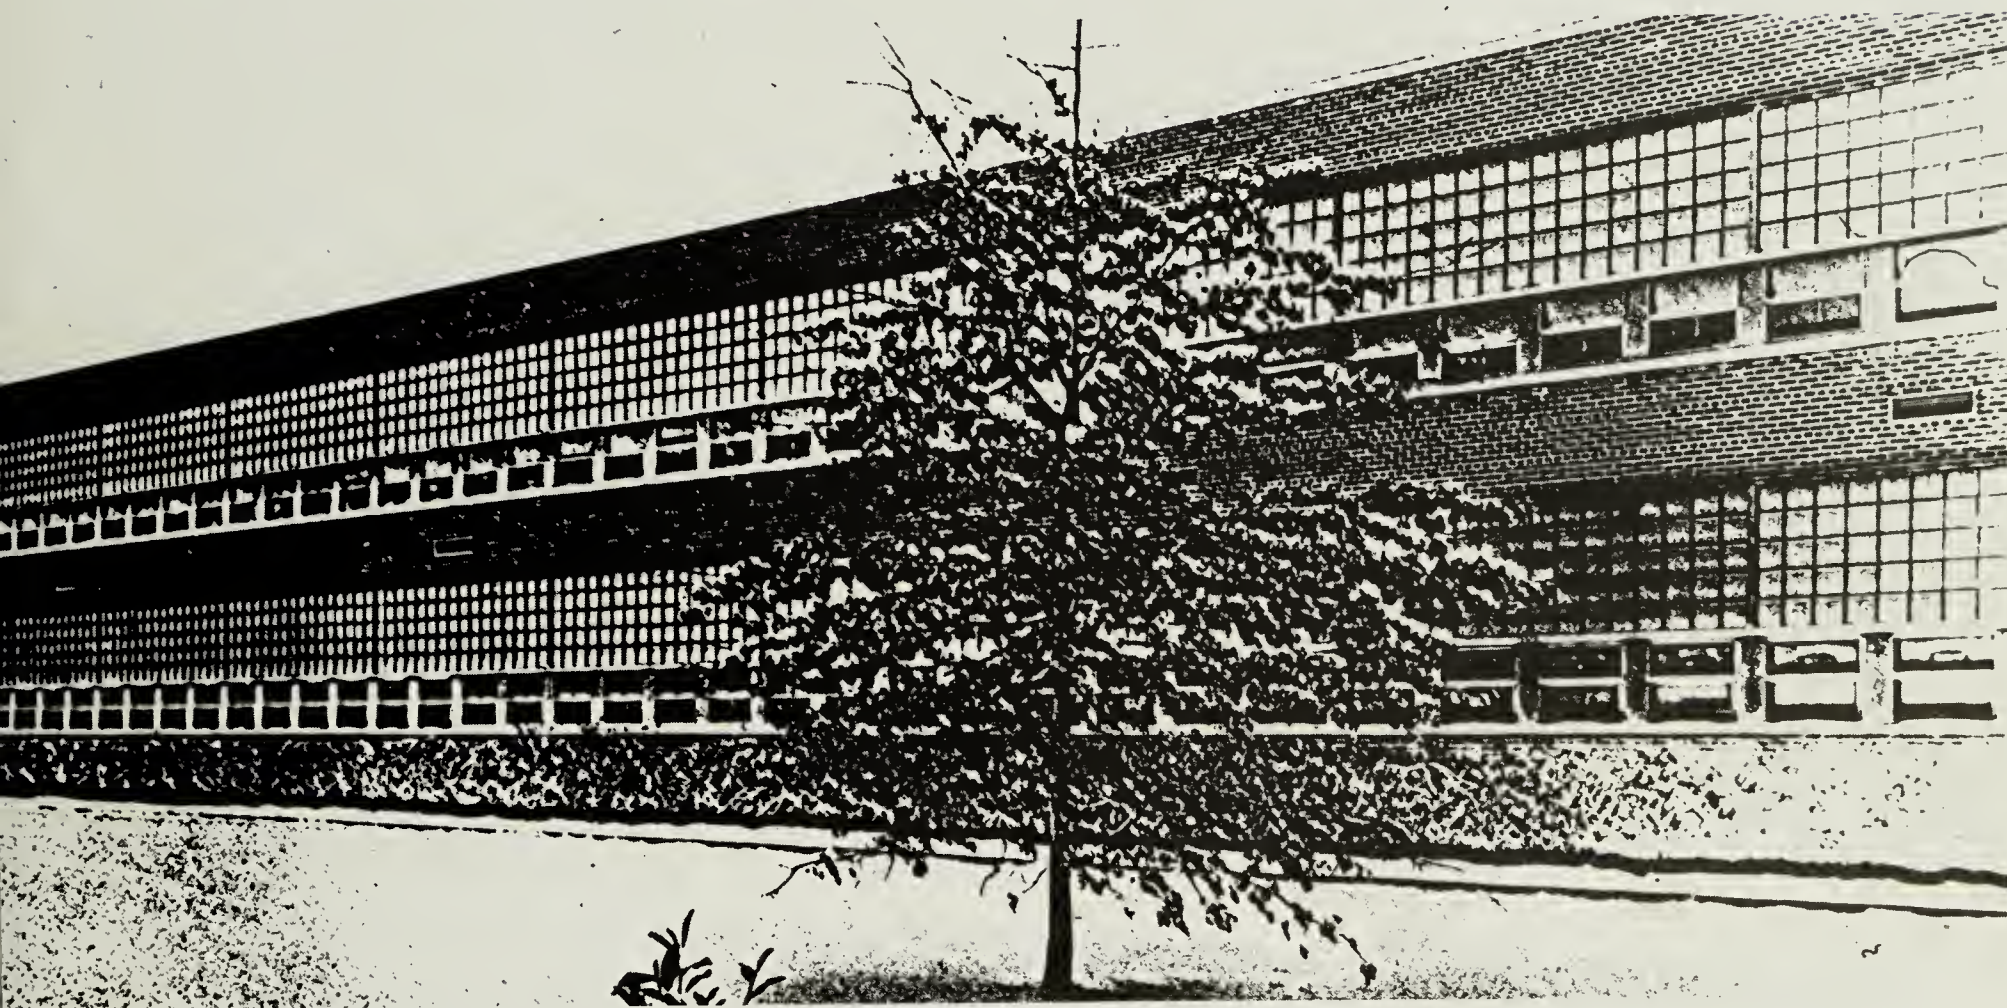

Amid the meadow and the tree our School will proudly stand  
And ever watch her children marching out into the land.  
So as we grow older, and think upon our ways,  
Our high school, dear Annandale, will call to mind its days.

# We, The Class of 1965, Dedicate This Book To You

Mr. William Van Sant, in deep appreciation for your five years of service and inspiration to us.

You loomed above us in stature and knowledge and yet you were able to be one of us. Your occasional "Bull, son" sent many classes into gales of laughter and a few into quiet submission to your arguments.

You have provided many of us with a knowledge of our nation's government and a pride in her might. You have given us a foundation upon which to make ourselves interested and active citizens.

You will remain in our memories with gratitude.

The Class of 1965

The conclusion of one of Mr. Van Sant's celebrated yarns.

# Thank You, Mr. Baptie

Humorous, friendly, generous, thoughtful — all of these describe you, Mr. Baptie. And, it is to you that this small note of appreciation is expressed.

You have been an important part of A. H. S. for the past ten years as displayed in your photography, your printing, and your friendship. You have shown the same kindnesses from the Class of '55 to the Class of '65. It is only fitting then — after a decade of yearbook publications — that we say "Thank you."

For each class you have preserved school activities, new additions to the school, sports events, and graduation. Let us now preserve our tribute to you.

Faculty and Student Body

# Thank You, Dr. Martin

As an ex-athlete, you are understanding; you protect without pampering. You are a friend to our teams and, therefore, to our school. For eight years of service to our athletic teams, not only as a doctor, but also as a loyal supporter and an enthusiastic fan; for administering physical examinations to endless lines of boys; for coming to all Annandale football games — we wish to thank you. In appreciation, we make this our tribute to you, Dr. John Martin.

Faculty and Student Body

# Mr. Buckley

Mr. Buckley and representative heads of departments.

Mr. Ralph E. Buckley. A symbol of the ideals and spirit of Annandale High School. A symbol of the unity of friendship and purpose between faculty and students. A symbol of the atmosphere of ease found in her halls and classrooms. A symbol of the knowledge there gained. A symbol of welcome to those who are new among us. A lasting symbol to her ties to the past. A symbol of the dedication of those who are gone. A symbol of AHS's growth and dedication to the younger generation.

Mr. Buckley extends greetings to new students at AHS.

# Best Wishes

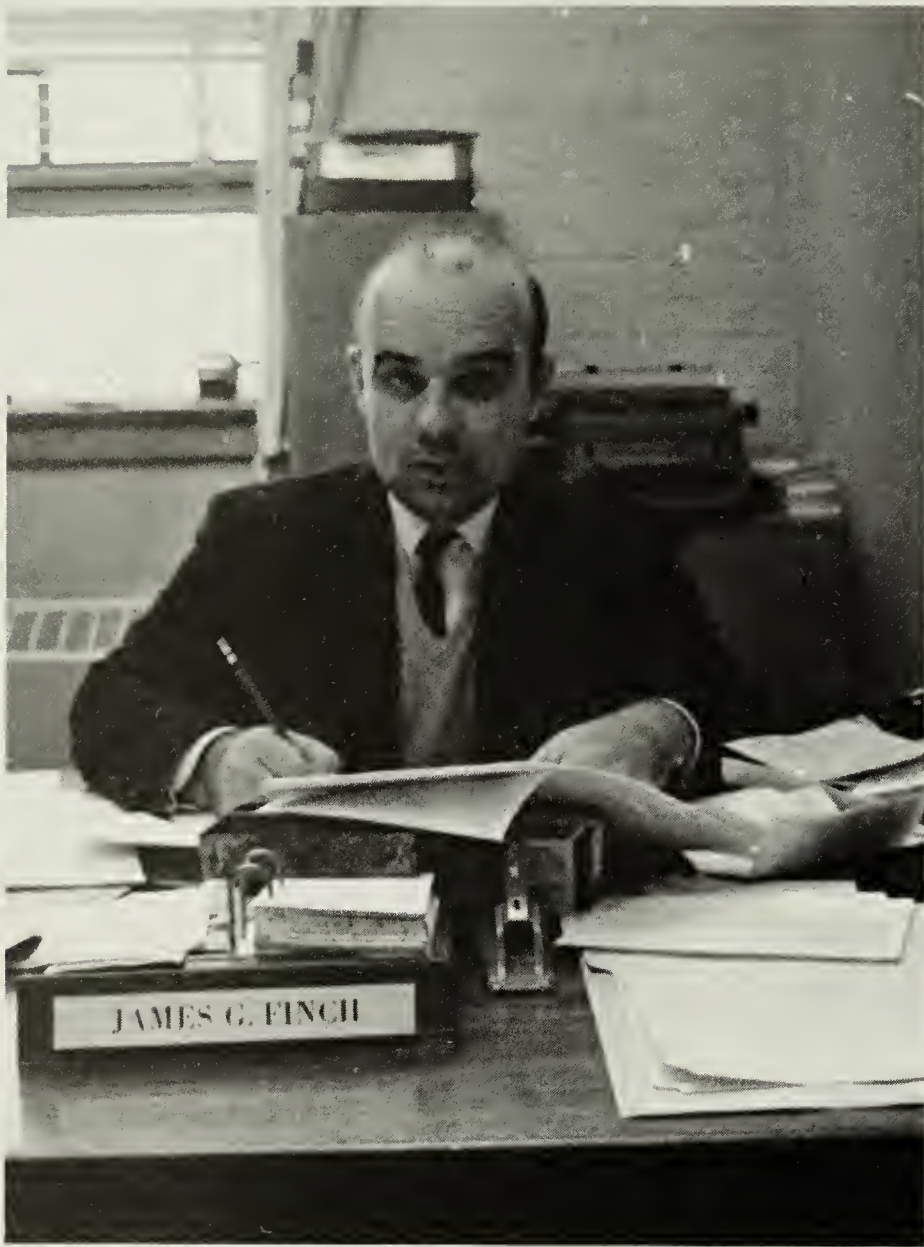

Miss Ruth Royston, teacher of United States History and United States Government for the past eleven years at Annandale High School, is leaving the field of teaching in June, 1965, to pursue her many interests. Students in her classes have found "Ma", as they affectionately call her, a sincere friend as well as an inspirational teacher. These students, who have gained an enriched conception of their responsibilities and privileges of government and a depth of understanding of the history of their country, extend to her their best wishes. Faculty members have found in Miss Royston a warmth of friendship, a delight in her humor, and an inspiration in her joy of life. While they will miss her, the members of Annandale High School faculty wish her continued enjoyment of traveling, of writing, and of living in Boyce in hisoric Clarke County, Virginia.

Faculty and Student Body

"Ma" Royston plays hide-and-seek with Mr. Costello.

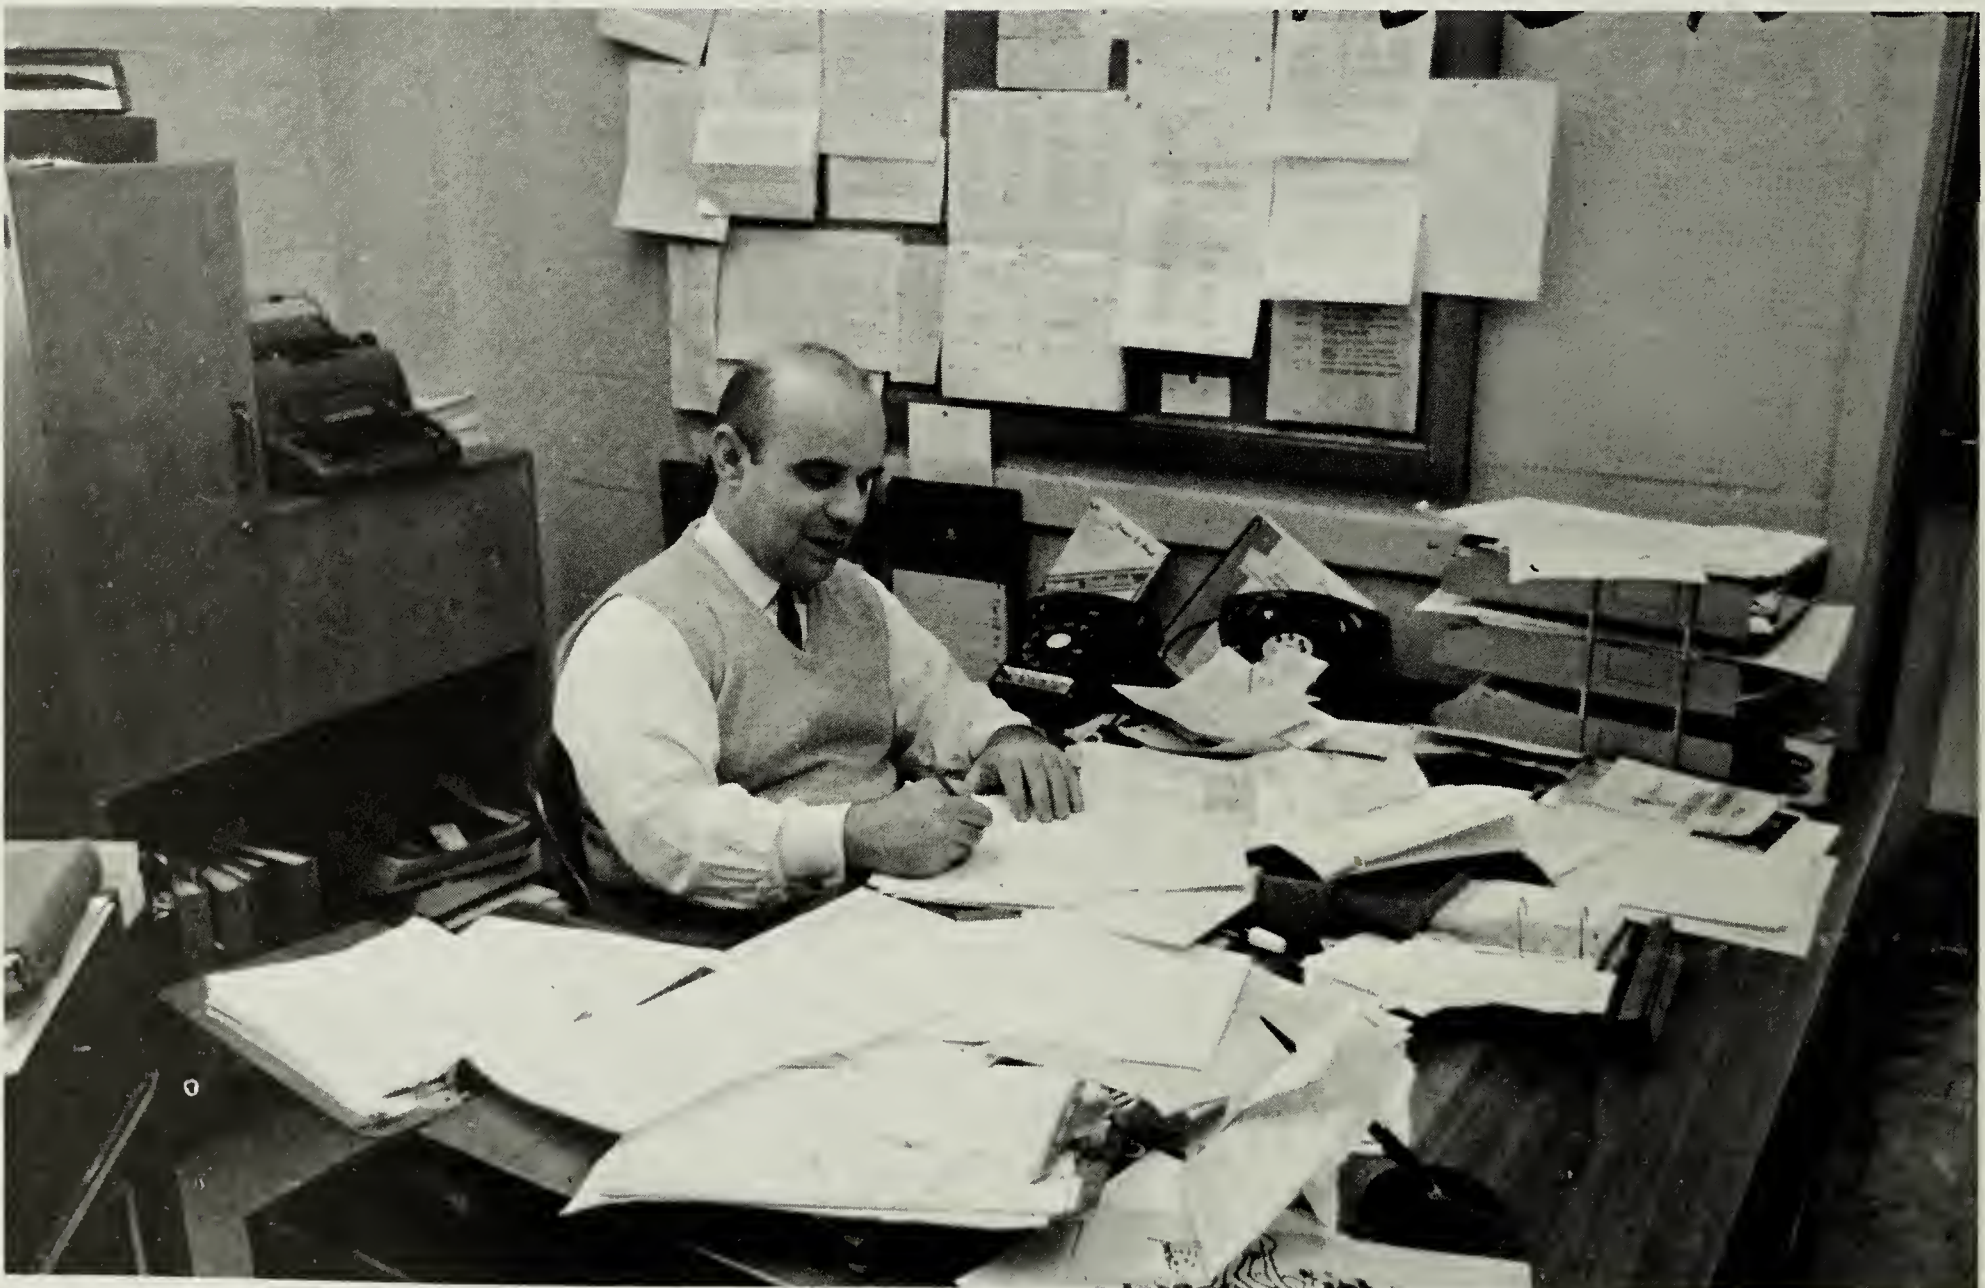

## Mr. Finch, Administration

Mr. James G. Finch. He was the one who called you to the office to check on an absence. He was the one who enforced the new driving regulations. He was the one who set your punishment if he thought punishment was best for you. He was the one who let you off-the-hook if he thought that was best. He was the one who came early to ready the building for you. He was the one who unlocked the door when your teacher was late. He was the one who stayed late into the night. He was the one who was on your side one hundred percent and who would go to any end to make you a better person.

From the student body, especially the Class of 1965, thank you, Mr. Finch.

Mr. Finch takes care of the administrative side of AHS.

# Mr. Davis, Instruction

Mr. Robert B. Davis had a large hand in decreasing the size of the S.C.A. and *Antenna* "staffs." We have many fond memories of being "cleared out."

Knowing him taught us many things. He showed us that faculty members and students can genuinely appreciate each other and enjoy each other's jokes. He taught us that some principals have a sense of humor. He taught us that we *can* have fun and get our work done while still following all the rules.

We hope that his first full year can be followed by many more and much better ones. And, thank you, Mr. Davis.

Supervision of AHS's instruction is the responsibility of Mr. Davis.

# GUIDANCE

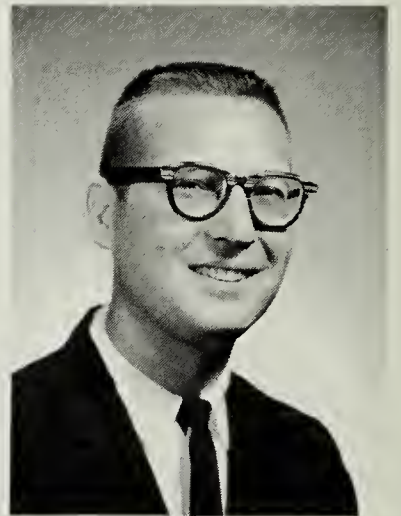

The director of Annandale's Guidance Department, *Mrs. Sarah D. Lory*, has recently been honored by being included in *Who's Who of American Women*. She has studied at Morningside College, Columbia University, and the Union Theological Seminary. She likes to read psychology.

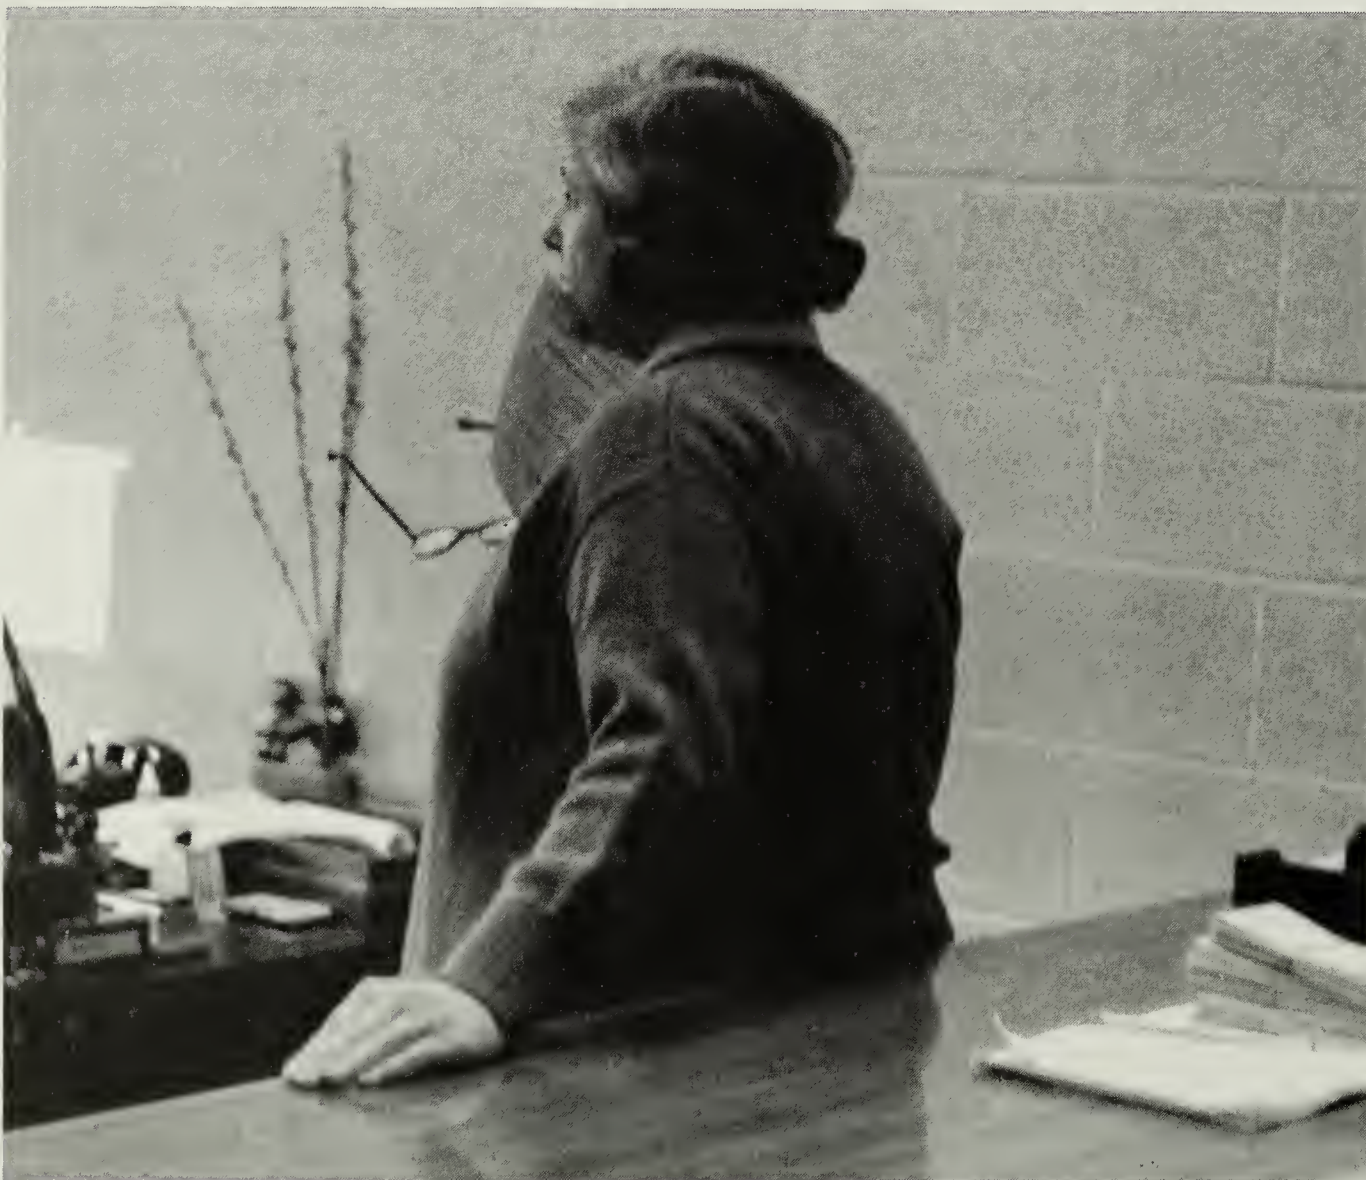

Mrs. Lory, Director of Guidance, supervises all grade levels.

*Mrs. Mary Battaglia*, a graduate of D'Youville College, is working for her M.A. at George Washington University. She is a junior and senior counselor.

Helping the juniors get through the trials of PSAT's and College Boards is *Mr. Courtney L. Jones*. He has attended Lynchberg College and William and Mary, and is currently studying at U.Va.

Mrs. Battaglia ponders the problems of the senior class.

*Mrs. C. Lovejoy*, a visiting teacher, comes to AHS from Poe Elementary several times a week. She has been at AHS for several years.

# GUIDANCE

As a twelfth grade guidance counselor, *Mrs. Jean Payne* is an invaluable help to AHS's collegebound seniors. In addition to her B.A. from the U. of Missouri, she has done graduate work.

The sophomore guidance counselor, *Mrs. Shirley Randa* received her B.A. from Hunter College. Presently Mrs. Randa is studying for her M.A. at George Washington University.

Beginning the school year as a "Miss" and surprising us by becoming "Mrs.", *Mrs. Virginia Pace Sample* was always ready to help freshmen with their problems. She has both a B.A. and an M.A.

*Mrs. Rademaker* and a student assistant work amidst Christmas decorations in the Guidance office.

*Mrs. Payne* works on getting another senior accepted to college.

# ENGLISH

*Mrs. Elizabeth M. Ames*, one of our English IV teachers, received her B.A. at Randolph-Macon Women's College. She also attended American University and there earned her M.A.

A graduate of West Virginia University, *Miss Barbara Aspinall* teaches English III. She holds a B.A. and an M.A. which she earned at W.V.U.

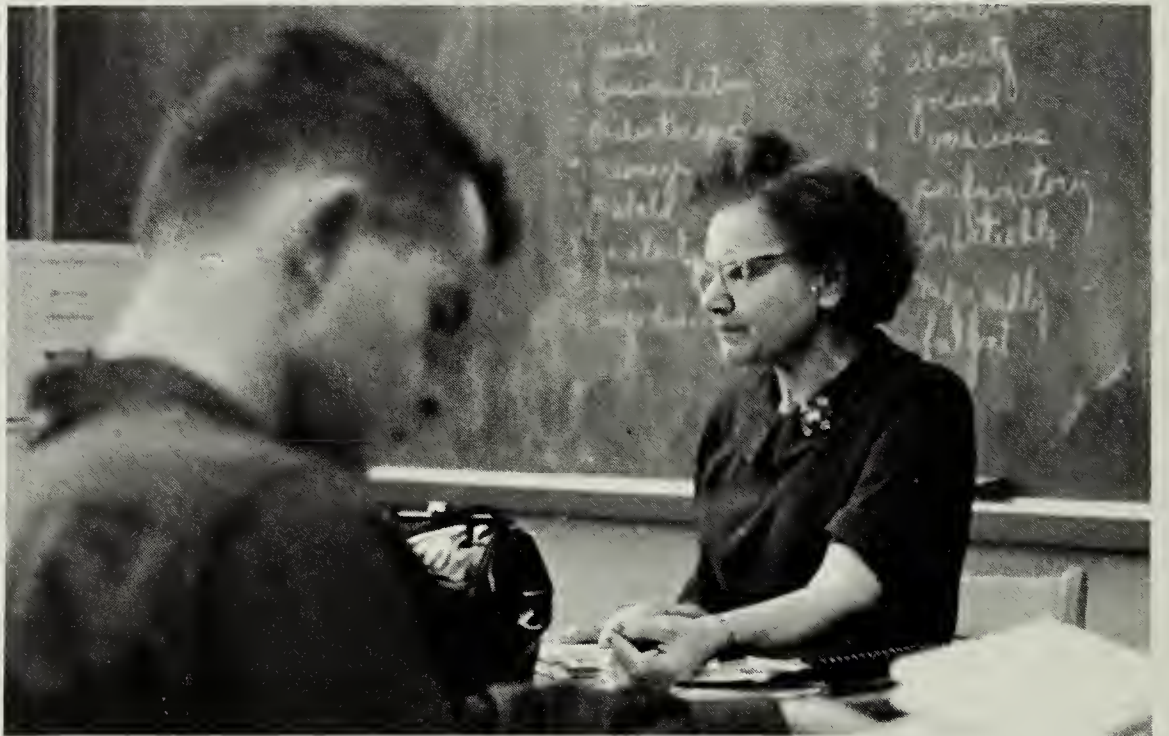

*Miss Susan Carter*, who has her B.A. from George Washington University, is now working on her M.A. Known to her students as "Auntie Sue", she delights in thinking up impossible tests for her students.

*Miss Betty C. Evans*, a graduate of Bridgewater College, teaches English I, and is also sponsor of the Junior Honor Society.

*Miss Barbara Finch*, a junior English teacher, graduated from Coker College. She is AHS's foremost Puritan and her hobby is knitting mohair ratt-finks.

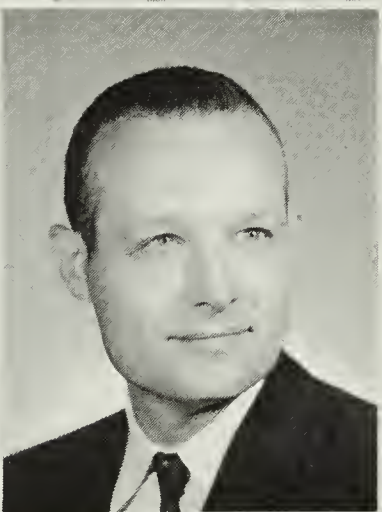

"You seniors never get enough homework," decrees Mrs. Ames.

*Mrs. Jeanne Bauer*, sponsor of the Senior Honor Society, teaches Junior English. She holds her B.A. from Ursinus College.

*Mr. J. Wallace Bolding*, a graduate of the College of William and Mary, teaches English I. He is also the coach of the freshmen football team.

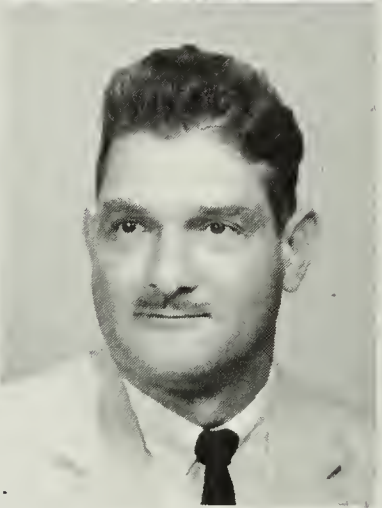

*Mr. Roy T. Fisher*, graduate of the U. of Virginia, has also done graduate work at G.W.U. In addition to teaching senior English, he serves as sponsor of the senior class.

The goal of the English department of AHS is to produce students who read well, write well, think well, and speak well. English I and II include a basic study of all grammar and literature. In conjunction with American history, American literature is studied and English literature is explored. The English department also includes enrichment courses such as drama, public speaking, and Journalism I and II.

*Col. Finley Clarke* has his B.A. from Duke and his M.A. from G.W.U. He teaches English IV, is sponsor of the Key Club, and is in charge of the new IBM machines.

# ENGLISH

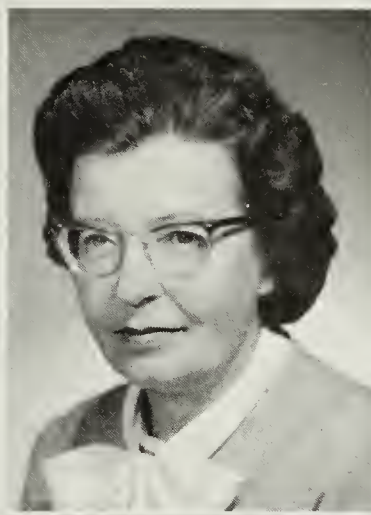

Mrs. Phyllis Glickman, sponsor of the *A-Blast*, teaches sophomore English and journalism. She studied at the Universities of Texas and Oklahoma.

Miss Barbara Goodman, a sophomore English teacher, is a graduate of Gettysburg College and holds a B.A. Her hobbies are painting and watching sports events.

Another sophomore English teacher, Mrs. Winifred Likar, holds her B.S. from Indiana State and her B.A. from Shepherd College.

A teacher of sophomore English and Latin II, Mrs. Evelyn Miller earned her B.A. at the University of Wisconsin. In her spare time Mrs. Miller likes to read and travel.

*Best wishes, Kathy. M. Odom*

Mr. James Odom, a graduate of the University of South Carolina, teaches English III. He received his M.Ed. at the University of North Carolina and serves as sponsor and guide to the *Antenna* staff.

"You-dirty-rats"

Mrs. Nellie White, a graduate of East Carolina College, teaches both freshman and sophomore English. She has also done graduate work at the University of North Carolina.

The strangest things happen in drama.

Miss Marilyn E. Roper studied at Gardner - Webb Junior College, Carson-Newman College, and East Tennessee State University. She teaches reading and enjoys music.

Miss Loyce R. Shell, who obtained her B.S. from George Peabody College, has also done graduate work at G.W.U. Her interest in the art of politics is of great help to her in teaching public speaking.

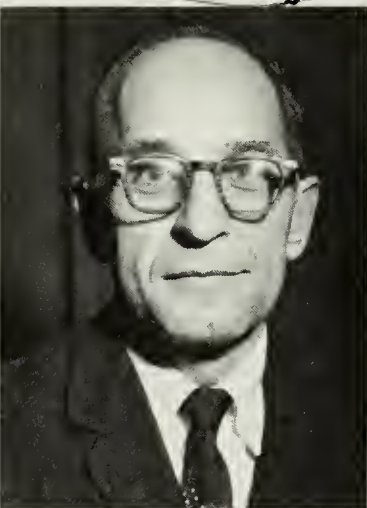

Mrs. Nell Summers, head of Annandale's drama department, is a graduate of Oklahoma State University. In addition to her interest in drama, she also enjoys piano music.

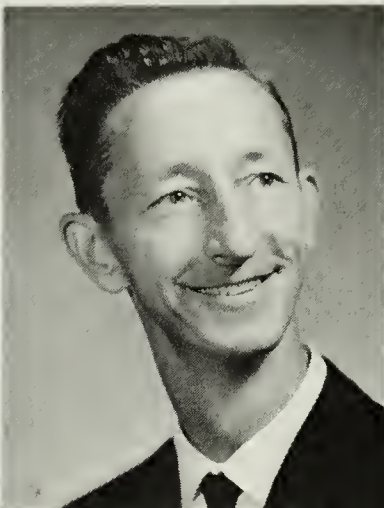

# Best Wishes SCIENCE *W. J. Bugin*

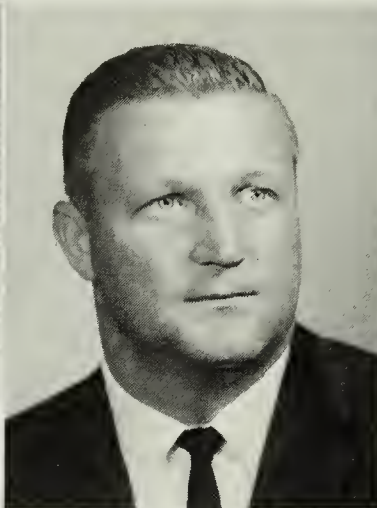

*Mr. Richard Ailstock*, who enjoys field work in biology, is teaching his students the many wonders of this science. In addition to studying at the U. of Virginia, he has attended Yale.

*Mr. Walter Bugin*, who teaches Chem Study, holds a B.A. and an M.A. from West Virginia University.

*Mr. Robert L. Figgers*, who teaches Earth Science and Physics, has studied at W & L University and at U. of Virginia. He enjoys woodworking and fishing.

*Mr. Charles R. Heinz*, who has studied at South Illinois U., U. of Illinois, U. of Maryland, and Earlham College, teaches biology. To qualify for a doctorate, he teaches a bio-chemistry class.

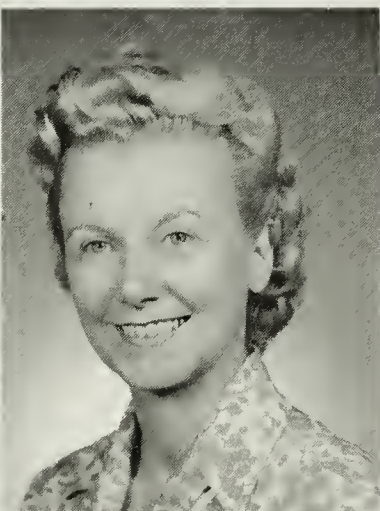

*Mrs. Peggy Jeanne Jarman* is in her first year at AHS. She is a graduate of Madison College with a B.S. and teaches biology. Mrs. Jarman has a pet Venus Fly Trap and enjoys swimming and riding.

## SCIENCE

Our science department is completing a significant change in its curriculum. In 1962 Chem Study was introduced, in 1963 PSSC Physics, and this year BSCS Biology was introduced. What all this means is that the emphasis is moving away from memorized facts and toward experimentation and discovery. AHS science courses are no longer a large body of memorized data, but now use practical application of facts as their basis. The student no longer feels that he is being taught — he feels that he is learning.

*Mr. Harry O. Keller*, who teaches biology and P.S., studied at Shepherd College and G.W.U. He is in charge of the audio-visual department and enjoys checking under classroom for hall passes.

*Mrs. Alice Jean Wood*, who holds a B.S. and an M.S. from Saint Bonaventure University, is a teacher of Chem Study at AHS.

Col. Boleyn works on the complex problem of creating dustless chalk.

# BUSINESS

*Mrs. Shirley T. Dixon* graduated from Madison College with a B.S. degree. She fills her after - school hours with cooking and sewing. She was a student teacher at Annandale last year.

A graduate of Colorado State College where she received both her B.A. and M.A., *Mrs. Beatrice H. Frutchey* works with V.O.T. She has done graduate work at Ohio State. When she finds spare time, she travels.

*Mr. Charles Good* graduated from Madison College. He teaches bookkeeping and Typing I.

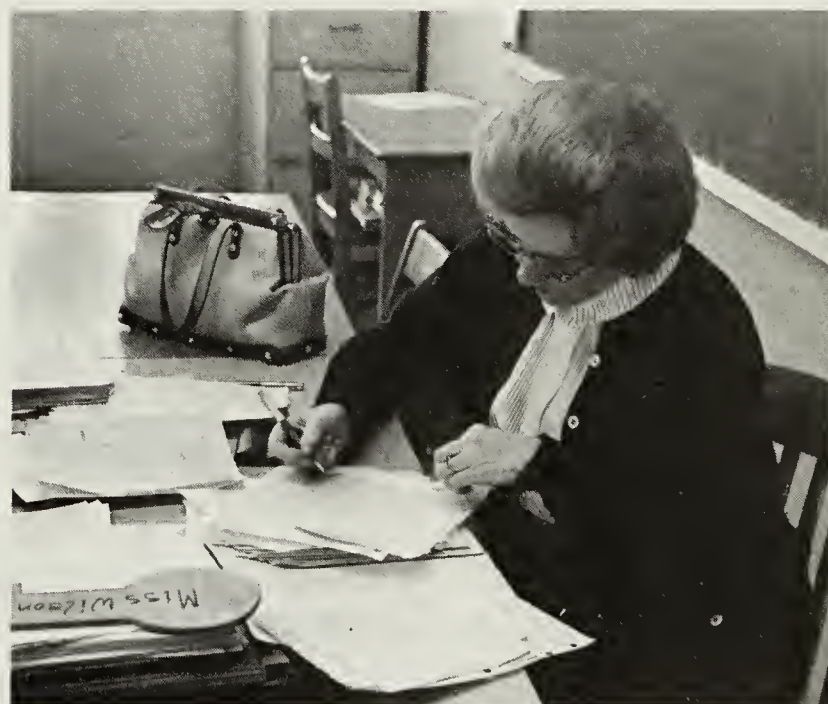

*Mr. Howard H. Stevens*, who teaches typing, graduated from Oberlin College. He enjoys bowling and belongs to a fairly normal family.

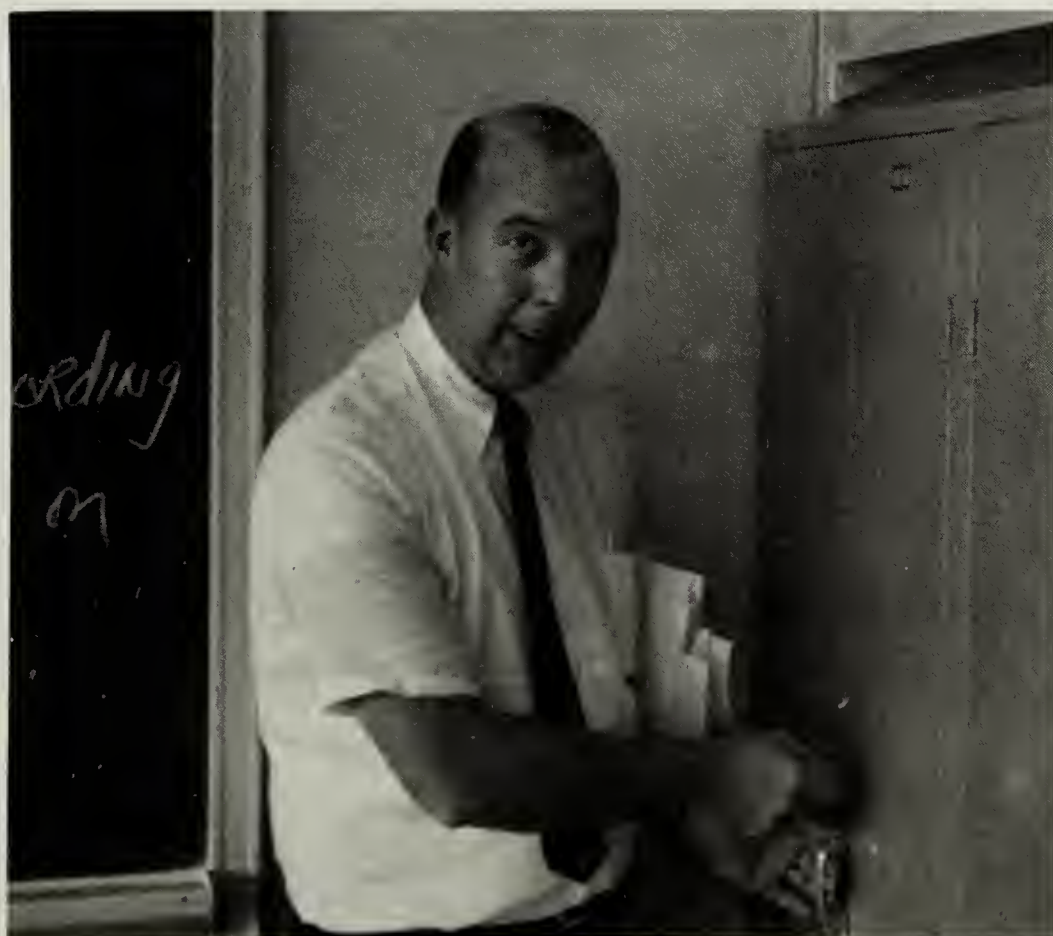

In addition to receiving his B.S. from R.P.I., *Mr. Thomas Todd* has done graduate work at four other universities. He is director of our D.E. department and enjoys golfing.

## BUSINESS

Business courses are taken by our future clerical workers and college-bound students who wish to make their work easier. The dedication of our faculty and the variety of courses do much to relieve the panic and bewilderment of an AHS graduate on the first day of an office job.

*Mrs. Woodson* is a favorite of each year's senior class.

Caught in the act!

*Miss Dora Wilson*, a Radford College graduate, teaches general business as well as typing. She taught at Windsor and worked for the government before joining us at AHS. She enjoys bowling.

*Mrs. Garland Woodson*, who teaches notehand and typing, has studied at Mary Washington College and at U. Va. She is always ready with helpful advice for her students.

# MATHEMATICS

*Col. Julian Abell*, a graduate of the U.S. Military Academy and Cornell University, teaches Algebra II, and plane and solid geometry.

*Mrs. Marion Cassedy*, who received her B.A. from the University of Mississippi, teaches algebra and trigonometry. She enjoys playing bridge and reading.

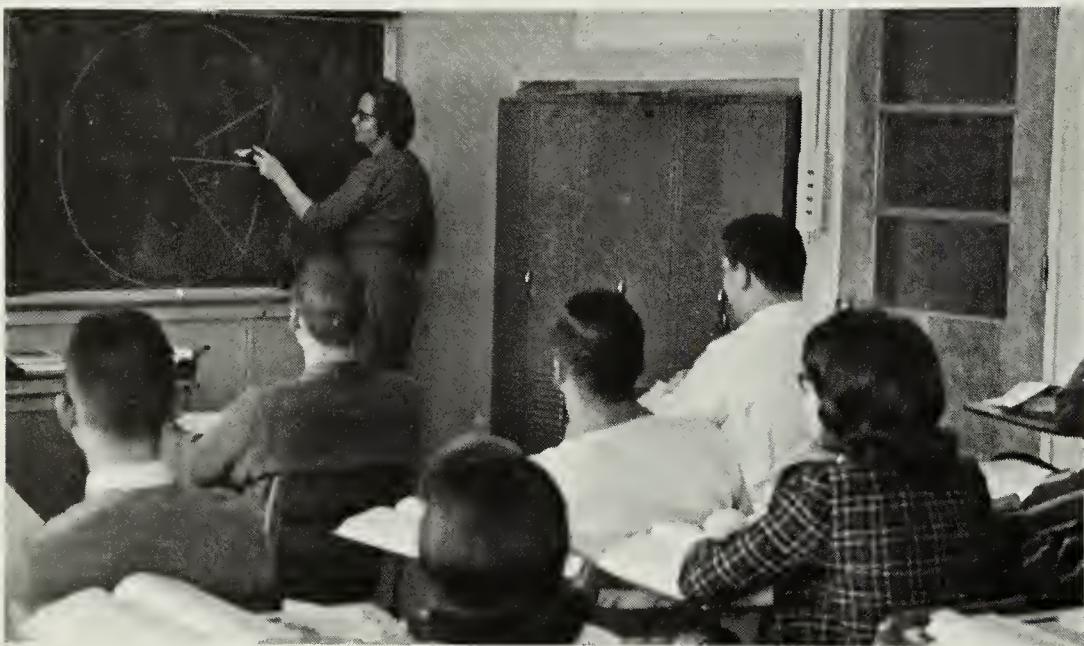

With the introduction of "modern" math courses, the focus of Annandale's mathematics program is moving away from the "how" and toward the "why".

Interest in higher mathematics is shown by this year's fifty percent increase in the enrollment of advanced math courses. Teachers are forced to take more courses in the summer to keep up with the increasing educational requests of their students.

A teacher of Algebra I and general math, *Mrs. Mary Dyess* was educated at the University of Chattanooga and George Peabody College.

*Mr. Robert L. Farris*, a graduate of Daniel Baker College, teaches Algebra I and II. His home is a haven for pets of all kinds. He is also interested in gardening and lumbering.

"And here's my house . . ."

And here's what Mrs. Dyess does when she's not patrolling the cafeteria.

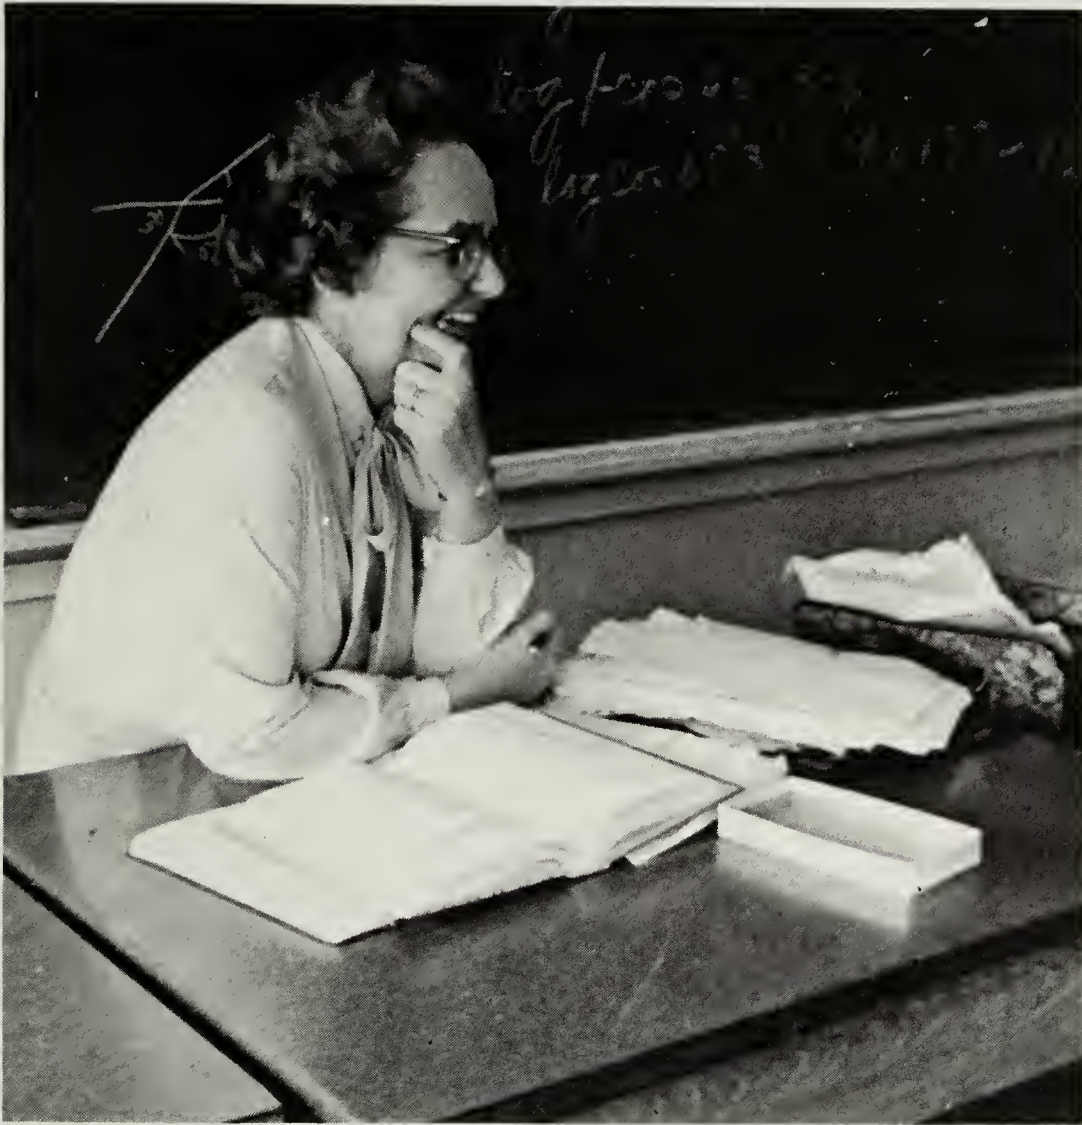

*Mr. J. F. Moody* earned his B.S. at V.M.I. and teaches Algebra I and General Math 9.

*Mrs. Elizabeth Posey* strives to make the complicated study of trigonometry clear to her students. She studied at Southwest Missouri State College and later at Temple University.

# MATHEMATICS

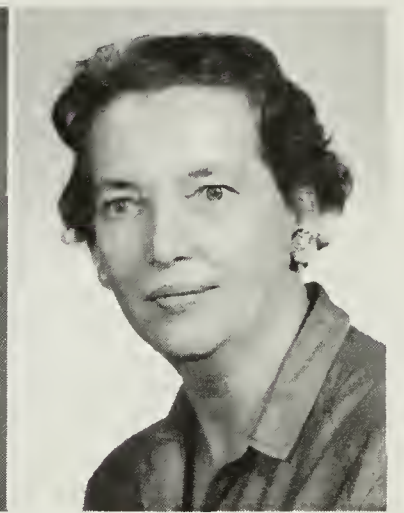

"Yes, in June I'll have been teaching for ninety-nine years."

Annandale graduates have found that they received at AHS a thorough preparation for college math. Students are offered such higher math courses as Algebra I and II, Trigonometry, Plane and Solid Geometry, and Math Analysis. This year, for the first time, four seniors are studying calculus.

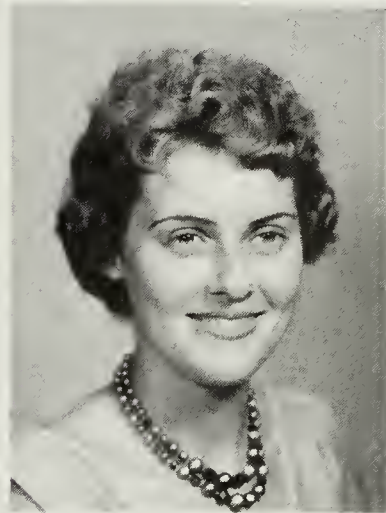

Mr. Walton, a teacher new to Annandale this year, teaches commercial math and geometry. He graduated from Bridgewater College and enjoys sports.

Mrs. Francis P. Ramay, who teaches analysis and trigonometry, studied at Miss. State College for women and the University of Arkansas. She works with the M.Y.F. in her spare time.

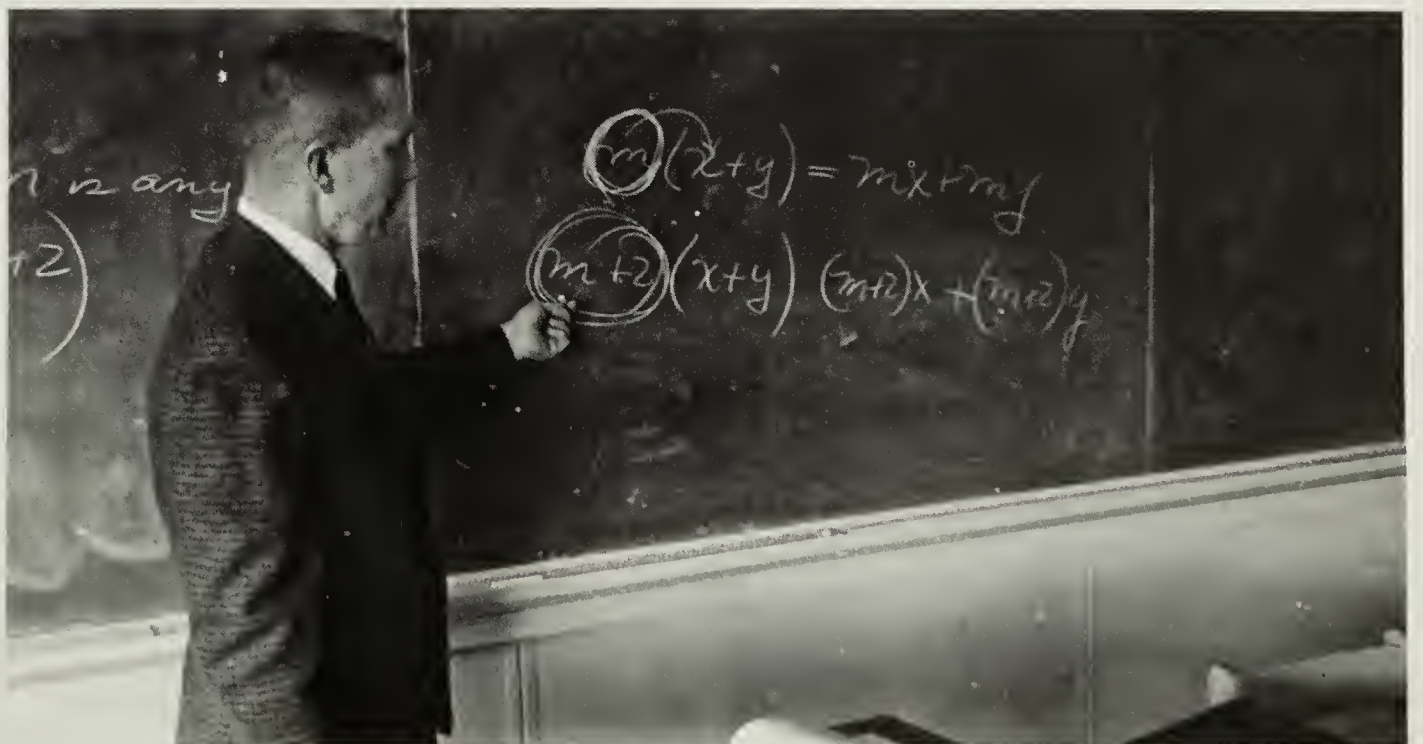

Having studied at Emory and Henry College, the University of Virginia, Duke and American Universities, Miss Mary Virginia Robinson guides many sophomores through the maze of Modern Geometry.

Miss Bonnie Lee Stidley, teacher of Geometry, is a graduate of Madison College, where she received her B.S. Miss Stidley rates bowling high on her list of interests.

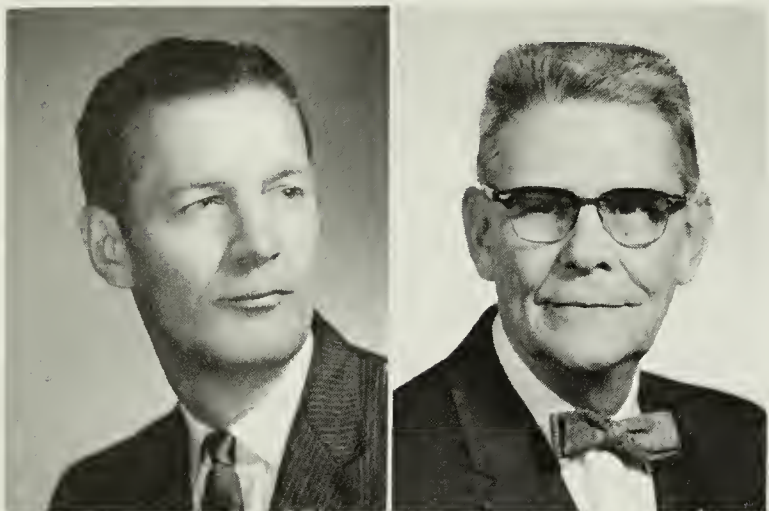

A graduate of East Carolina College, Miss Joan Strickland teaches algebra and general math.

Besides teaching Physics, the versatile Col. Boleyn also dips his chalk in Algebra I.

# SOCIAL STUDIES

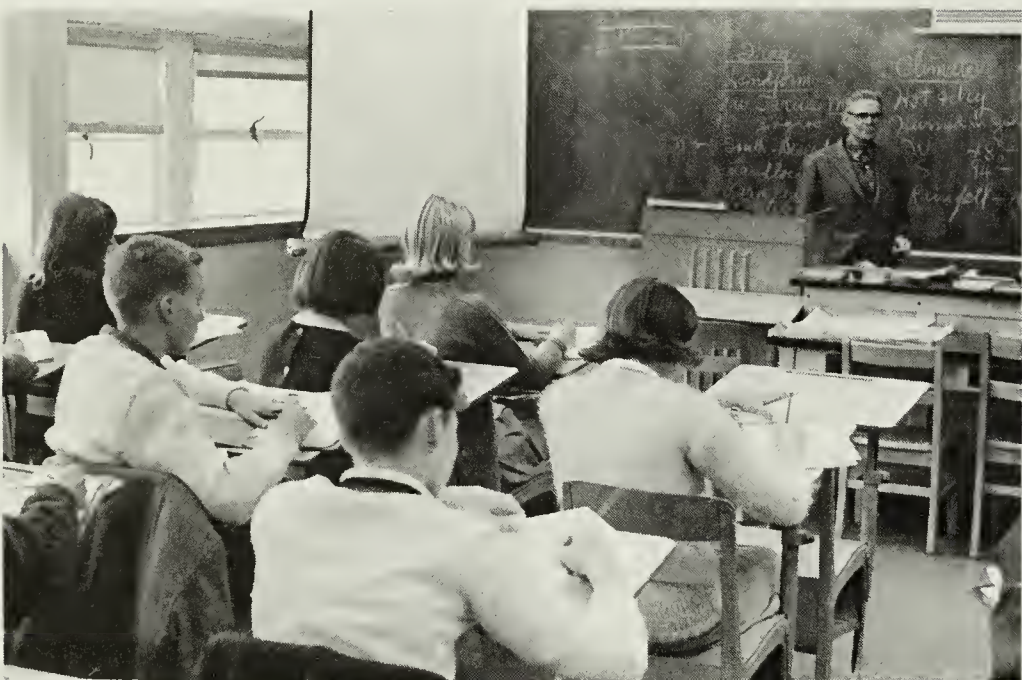

During his first year at AHS, *Capt. Eugene Breitenberg* taught government and geography. In addition to holding a B.A. and an M.S.E., he is a candidate for his Ph.D. at American University.

In addition to teaching geography and sociology, *Mr. Richard Chapman* also is sponsor of the Junior Civitan Club. He graduated from Iowa State Teachers College.

The world is said to be shrinking every day, but the complexities of the world's problems increase every day; so the importance of our social studies department also increases.

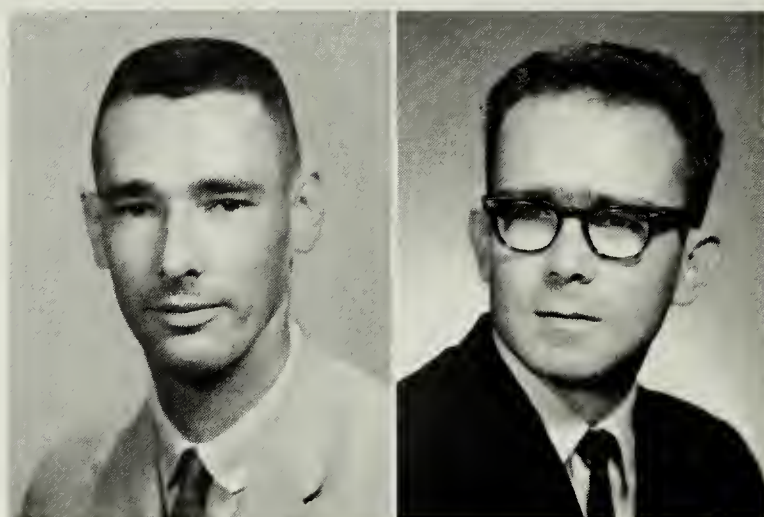

AHS's teachers continually revise their courses to keep up with these changes, using films, records, charts, and maps. They encourage research, utilize community sources, promote discussion, and emphasize current events.

Mr. Chapman patrols his classroom.

*Mr. George Costello* assures his history classes that any day is a good day for a test. A graduate of Shepherd College, he is an excellent tennis player and is a familiar sight on the AHS tennis courts.

*Mr. James Dorminey* teaches world geography in this, his first year at AHS. He has been well-liked this year and we hope that he will continue his career here.

*Mr. Donald Henretty*, a favorite history and government teacher, graduated from G.W.U. Otherwise known as "The Great Pumpkin," Mr. Henretty receives many Halloween letters each year.

A graduate of the University of Minnesota, *Mrs. Elizabeth Mitchell* teaches world geography to our freshmen.

Annandale's answer to the Great Pumpkin, Mr. Henretty.

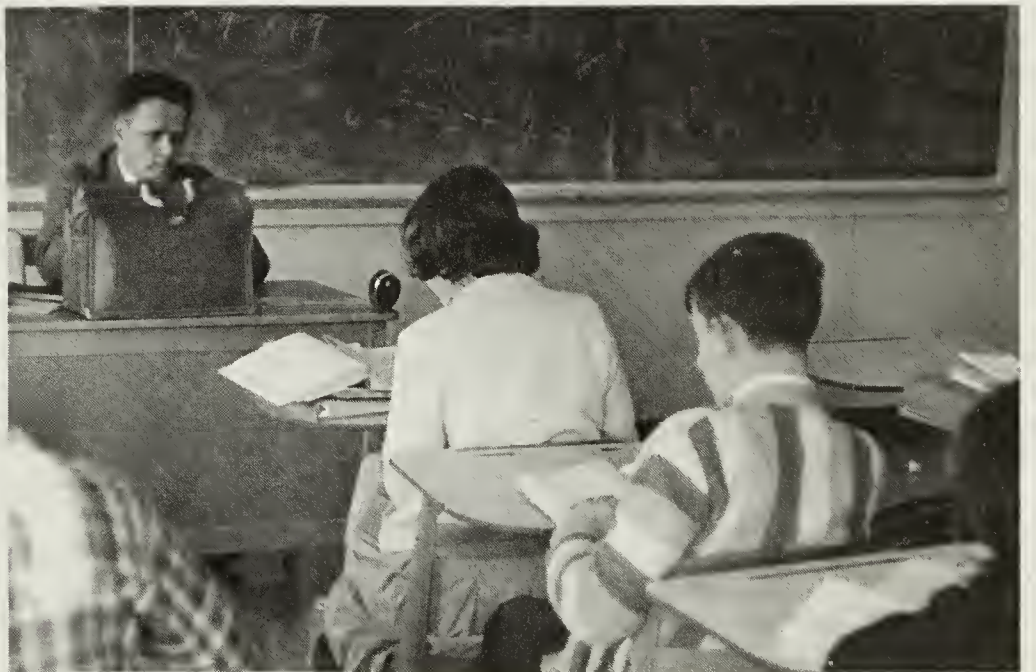

# SOCIAL STUDIES

"Yes, Officers, the S.C.A. is still disturbing the peace."

*Mrs. Louise S. Ross* teaches world history and U.S.-Va. History. She has attended the University of North Carolina and Mary Washington College. She enjoys antique hunting.

*Miss Ruth Royston*, who is in her forty-third year of teaching, graduated from the College of William and Mary. She teaches civics U.S. History, and government.

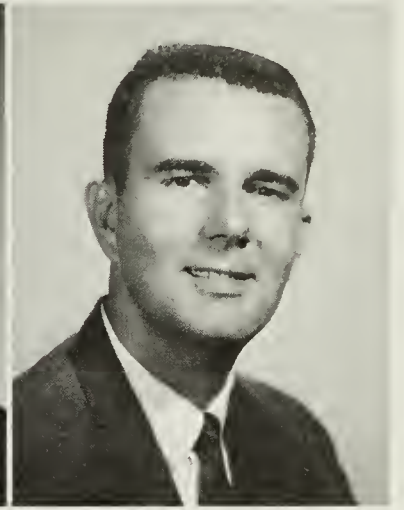

When asked what he was doing behind the briefcase, Mr. Stevenson replied, "My daily crossword puzzle."

*Mr. Robert Louis Stevenson*, government teacher, received his B.A. from King College and his M.A. from U.Va. He enjoys hunting, fishing, bowling, and spectator sports.

AHS's tennis coach, *Mr. William Van Sant*, also teaches government. He holds his B.A. and M.A. and has studied at Southern Methodist University, G.W.U., and the University of Tennessee.

"You mean we only have one "Three Stooges" movie today?"

*Mr. William Parnell* teaches U. S. History and U. S. Government. He received his B.A. and M.A. from Columbia University and also attended St. Anselm's and Boston U.

*Mr. Thomas H. Porter*, the sponsor of the sophomore class, has studied at Concord College and American University. He teaches world geography and is an administrative aid.

# LANGUAGES

*Mr. John R. H. Boronow*, a new addition to AHS's teaching staff, is a graduate of the U. of Breslaw in Berlin. This gives him an excellent background for teaching German I and II.

*Miss Carol R. Bobo*, new to the AHS faculty, fills out the French staff. She graduated from Madison College and enjoys reading and a good poker game.

The A.L.M. method of teaching modern languages has caused almost as much controversy as the new math. It stresses listening comprehension and speaking in the first two years. Reading and writing are given more attention in the third and fourth years. We are fortunate in having a well-coordinated and dedicated staff of language teachers.

Maggie Willis catches every bit of French she can from Mrs. Morrell.

*Mrs. Ross F. Little*, sponser of the Latin and Russian clubs, teaches languages. She has attended Hunter College, Columbia U., Dartmouth College, and George Washington University.

*Mr. William Mastbrook*, better known to his students as "Fasty Masty", holds a B.A. from American U. He teaches Spanish IV and sponsors the Spanish Honor Society.

*Cmdr. Russell H. Buckley*, who studied at U.S.N.A. and Fordham University, teaches Spanish II and III at AHS.

*Miss Judith Ann Doud* teaches Spanish I on weekdays, but horse-back riding and swimming fill her out-of-school hours. She owns a horse and turtle. Miss Doud is a graduate of Randolph-Macon.

Substitute? . . . No, it's Mrs. Little.

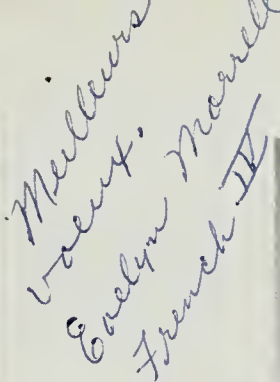

# LANGUAGES

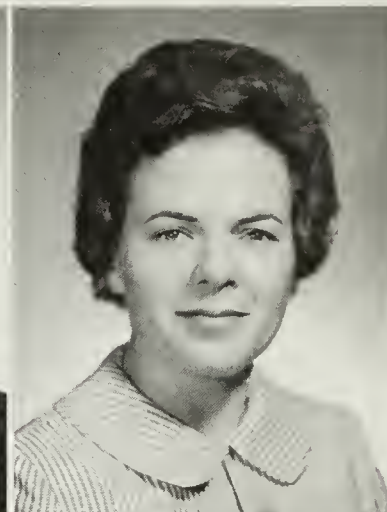

Mrs. Tannous looks into the matter of the imperfect tense.

*Miss Betty Mullins* holds a double position by teaching both English II and Spanish II and III. She graduated from Coker College with a B.A. She is an avid reader and tennis player.

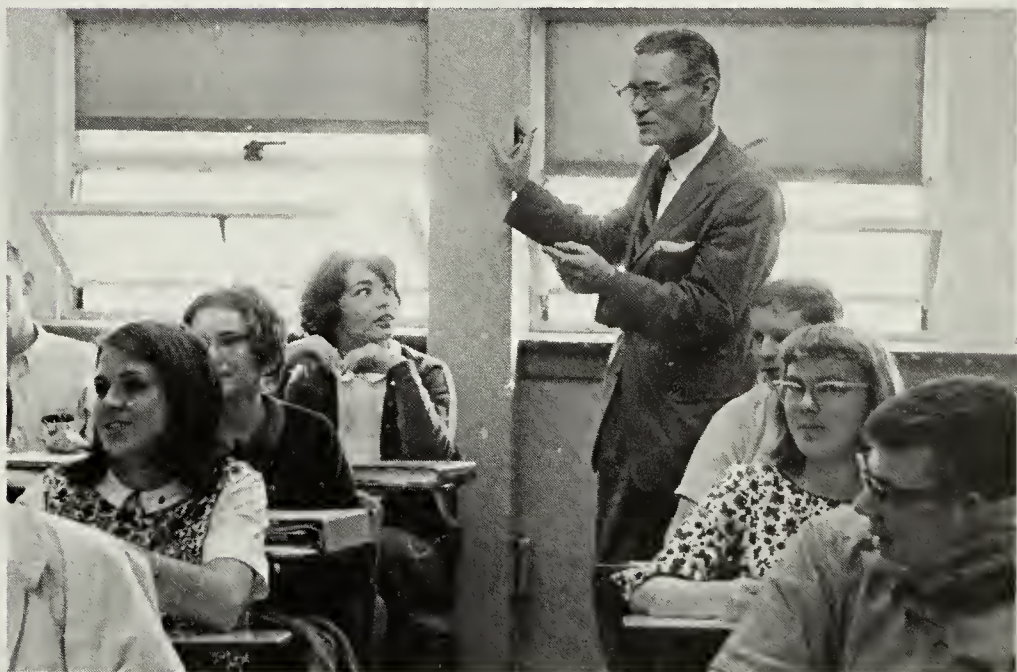

*Mrs. Josephine Tan-nous* is teaching French I and II. A graduate of the University of Wash-ington and the Univer-sity of Minnesota, she has two sons in col-lege, both of whom graduated from AHS.

*Mrs. Evelyn Morrell*, sponsor of the French Club, studied at Ohio State and the University of California. She teaches French I, II, and III.

*Miss Virginia Lee Stephanz* guides her students through the intricacies of French II and III. She graduated from Radford College and did graduate work at George Washington University.

"Sigh . . ."

Cmdr. Buckley waits patiently for the Cross Country team to come home.

A graduate of Vanderbilt University and the University of Maryland, *Miss Consuelo Van Beek* teaches Spanish. She enjoys sports and likes to type.

*Mrs. Marianne Worrell* has a very full schedule teaching German II, III, IV, and French V. She has studied at both Appalachian State Teachers College and Sophia University in Tokyo.

# MUSIC

*Harold C. Connell*, father of six children, also finds time to direct some of the varied choirs at AHS. He received his B.A. and M.A. from Brigham Young University.

*Mr. John Farris*, teaches and directs AHS's concert, dance and symphonic bands. He studied at North Texas University, Texas Christian University and Eastern Kentucky State.

*Mr. Joseph M. Hegstead*, who shares in the choral department duties, has graduated from North Dakota State College and is working toward his M.S. He likes to play baseball and softball.

"Where's my whistle?"

A lighter side to AHS's curriculum is the music department. Many of our students participate in presentations which give enjoyment to the student body and the community, such as the Christmas Assembly, the Tiny Tots Concert, the Apple Blossom Parade, and this year, our own "Carousel."

# ART

Miss Carabello explains the art of sketching to Sue Wood.

The job of teaching AHS art students is shared by *Miss Sarah H. Carabello* and *Mr. Edgar P. Roberson, Jr.*, who graduated from Madison College and the University of Richmond, respectively.

AHS art students share their art throughout the school with their many displays.

The art department is growing. Art III and IV are combined this year, and six or seven students are expected to follow up their art courses with art school.

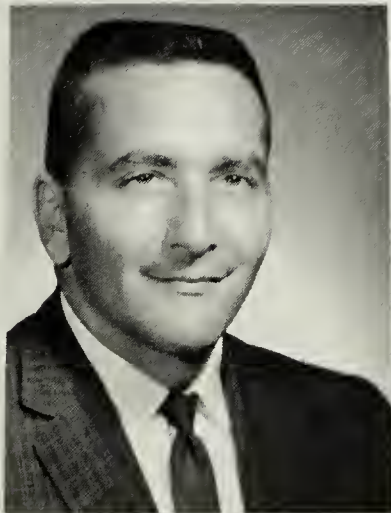

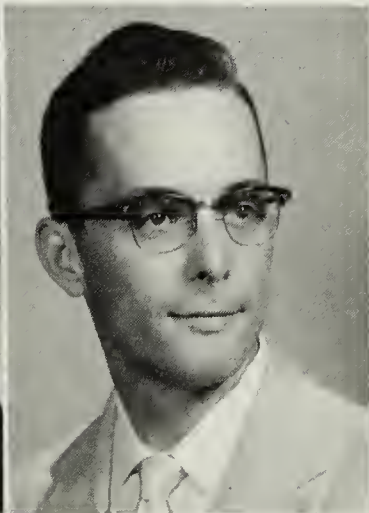

Mrs. Chester keeps track of record diaper-changing time.

"What have we here?" says Mr. Beto as he scratches his lip.

Mr. Frank Beto, a graduate of Salem College, did graduate work at West Virginia University. He coaches the J.V. football and basketball teams.

Mr. Russel Leroy Crozier attended West Virginia Tech for his B.S. and U. Va. for his M.S. He teaches electronics and, in his spare time, likes to hunt and fish.

Mr. Paul O. Schwartz, a graduate of Stout State College and U. Va., teaches Mechanical Drawing.

Mr. Ralph Shriver who teaches Industrial Arts, studied at West Virginia University, U. Va., and George Washington University.

# HOME ECONOMICS

Mrs. Sylvia Chester is a home economics teacher of varied interests. She enjoys playing bridge, sewing, and listening to music. She received her B.S. and M.Ed. from the U. of North Carolina.

A graduate of Radford College, Mrs. Dorothy Hudgins instructs the girls in the art of homemaking. After school hours, her interests include playing bridge and bowling.

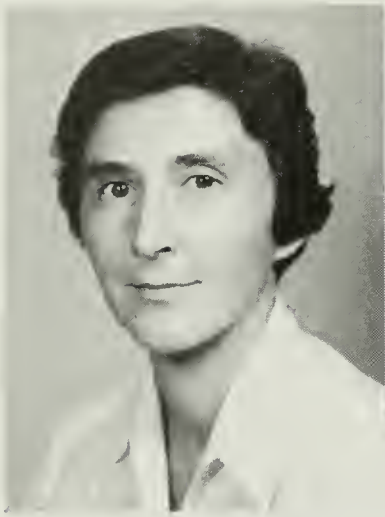

The Home Economics department works toward preparing its students for homemaking. The courses include cooking (remember the lovely doughnut, cookie, and casserole smells?), child care (if he won't stop crying, his diapers need changing.), and other skills needed by a successful home-maker.

# INDUSTRIAL ARTS

A walk through the industrial arts department will show you clean, modern, well-equipped, and well-run shops. The old metal shop is now a new electronics lab, and there is a new mechanical drawing room. The courses are chosen to fit the needs of the modern industrial arts student.

# PHYSICAL EDUCATION

*Miss Katherine Buck, who graduated from Longwood College, teaches health and P.E. She also coaches the girls' Varsity Basketball and J.V. Softball teams.*

*Mrs. Hilda Hall holds a B.S. from Longwood College. The student body is becoming accustomed to seeing her two girls, Kimberlee, 4, and Jane, 2, at school. Her hobbies are camping and bridge.*

This year, for the first time in AHS's history, all junior girls were required to take gym. This situation was greeted with less than mirth.

When the new gym is completed the girls' physical education department will have ample facilities for their activities; however, this year's extensive construction has interfered with outside activities.

Underclassmen girls participate in modern dancing instruction.

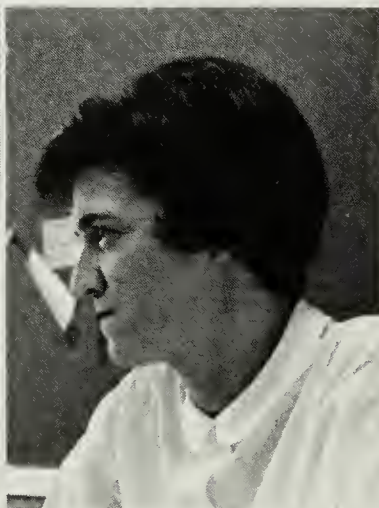

Miss Robinson, student teacher.

*Miss Jane Moreland, who has her B.S. from Madison College, is assisted this year by a student teacher. In her spare time she enjoys painting, reading, music, and outdoor sports.*

*Miss Rachal Peters, who teaches health and P.E. II and III, studied at Roanoke College and Longwood College. She coaches Varsity Hockey.*

*Mrs. Anne B. Ramey graduated from Appalachian State Teacher's College and has also studied at the U. of Colorado. This season she hopes to improve on her skiing.*

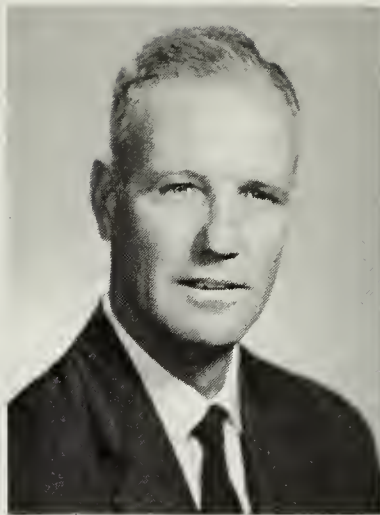

Volleyball is a favorite sport at AHS.

*Best wishes,  
Rachal Peters*

# PHYSICAL EDUCATION

The boys' Physical Education department offers a wide variety of sports to underclassmen boys and senior athletes. For the first time this year, junior boys were required to participate in this course.

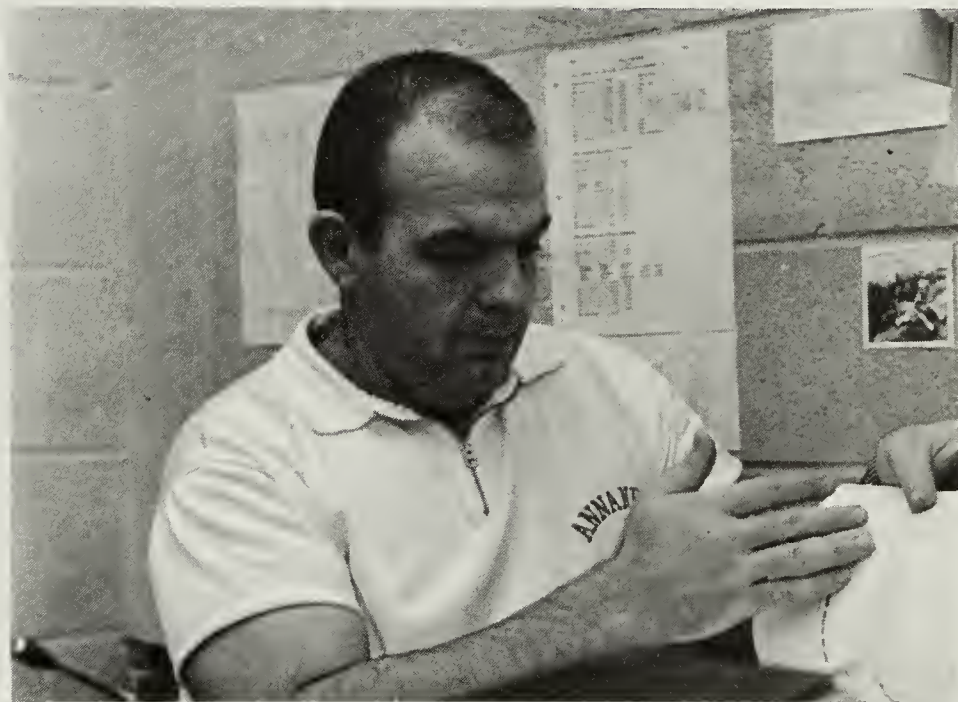

In addition to being AHS's Athletic Director, *Mr. James W. Coyle* instructs a freshman Health and Physical Education class. He has received his B.A. from Furman University.

A graduate of the College of William and Mary, *Mr. Robert Hardage* teaches P.E. I, II, and III. Mr. Hardage is also the Varsity Baseball coach and the backfield coach for the Varsity Football team.

"John Wayne! Are you kidding me?"

"I know that rule's in here somewhere."

"Louie, Louie . . ."

*Mr. Edward H. Henry, Jr.* received his B.S. from the U. of Virginia in 1951 and his M.Ed. in 1964. He teaches Physical Education I, II, and IV, and is the head coach of the Varsity Football team.

*Mr. William Scott*, who received his B.A. from Marshall U., instructs the freshmen, sophomores, and juniors in P.E. He has done graduate work at George Washington University and enjoys hunting.

*Mr. Harry Smith* who received his A.B. from Greenville State College teaches P.E. II and III. Aside from coaching our Varsity Basketball team, he is an avid hunter.

# LIBRARY

Mrs. Annabelle Ashenburst and her assistant, Mrs. Smith, succeeded in producing an atmosphere conducive to study in AHS's library. Mrs. Ashenburst has studied at the University of Illinois and the University of Virginia.

"Do you see what they're doing behind that bookshelf?"

# SECRETARIES

Mrs. Watson and Mrs. Bunch help AHS students find their way around Annandale.

Mrs. Mary Bunch  
Secretary to Mr. Buckley

Mrs. Watson  
Front-office secretary

Mrs. Citara  
Guidance secretary

Mrs. Gallagher was AHS's finance secretary for the first half of the year. The students wish her luck in the future.

Mrs. Noella Lopacki, our school nurse, is a graduate of St. Joseph's School of Nursing in New Brunswick, Canada. She enjoys home decorating and good music.

Mrs. Gallagher was replaced by Mrs. Simmons, who was then able to keep an eye on her son, Bob.

## CLASS OF 1965

Mike Davis's locker is equipped for *every* emergency.

"Pass the popcorn."

"Frankly, I was for Barry Goldwater."

Thank you to our faithful senior class sponsors, Mrs. Elizabeth Ames and Mr. Roy T. Fisher.

This year we entered a new world of Shakespeare and black coffee. We confirmed all the rumors we had heard since our freshman year and passed them on to underclassmen. But, after years of practice, we still managed to enjoy ourselves.

The new ideas presented to us opened our minds and we searched for more knowledge. For many of us our senior year scholastics were easy and we found time to delve into that activity for which we had never before found time—an after school job, the yearbook, a service club. In all ways, our senior year has broadened our knowledge of everyday things and made us understand ourselves.

Senior Class Officers (bottom to top): Mary Pagliero, treasurer; Jim Creekman, vice-president; Jackye Cave, secretary; and Jim Checkovich, president.

To be or not to be, that is the question.  
Roses are red, violets are blue.  
Some flunk this test; I'll flunk it too.

The skiing trip was very nice  
With lots of wind and snow and ice.  
Too bad I couldn't find the time  
To study my Hamlet mem'ry lines.

If Shakespeare was such a great, great man,  
Why did he speak in a foreign tongue?  
Why couldn't he say in a simple way,  
All of the things that he had to say?

The thing that bugs me most of all  
Is my total lack of total recall.  
So I think I'd better end this bluff;  
I fear that I've said quite enough.

Bill Gardner

"Loveliest of lovely things are they  
On earth that soonest pass away.  
The rose that lives an hour  
Is prized beyond the sculptured flower."

With the imaginative and conscientious guidance of Miss Barbara Finch, the S.C.A. again received the achievement award for outstanding service in the state.

Whatever else this may look like, it's a picture of the S.C.A. sponsoring the Miss AHS Contest.

"And it's Red Rover by a neck," says S.C.A. president, Dave Spaulding.

# SCA

Neal Ellis, Sandy Smith, and John Pearson did much to make this year's homecoming better than ever. Innovations included a parade of floats.

*Thanks for contributing to a delightful year in French.

Sponsored by the Kiwanis Club, the boys of Annandale's Key Club serve the school and community. The members are screened by the faculty and must maintain a "C" average. Traditionally, the Key Club operates the school store and sponsors the Sweetheart Dance. This year they built a Homecoming float and helped at the Cerebral Palsy Center. They also sold tickets at basketball games and programs at football games.

Dave Stulman, pres.; Jim Creekman, v.p.; Chris Kohn, rec. sec.; John Blum, corr. sec.; Terry Dillon, treas.; and Bill Steiger, hist. are the student leaders of the club. They are guided by Col. Finley T. Clark.

Lyle Groome lands in the middle of the cafeteria just in time for the Sweetheart Dance.

President Dave Stulman

# KEYETTE CLUB

Annandale High School's Keyette Club is designed to aid the school and community. This year its members pampered the faculty by sending welcoming notes to all teachers and baking cookies for the teachers' lounges. The cafeteria was monitored by Keyette Club members. The Keyettes' community activities included working at the Cerebral Palsey Center in Falls Church and making stuffed animals for underprivileged children during the Christmas season.

At many S.P.T.A. functions the Key Clubbers parked cars while the Keyettes served refreshments. "And what were *you* doing last night, Mary Jo?"

The Keyettes welcomed new teachers and old with reminders that they are here to give help.

# JUNIOR CIVITANS

In January the Civitans were chartered and inducted.

This is one of the newest and most active clubs at Annandale. It is a service organization divided into two parts, the Junior Civitans and the Senior Civitans, working in close cooperation. This year's activities have included cleaning up the football field, saving the girls' nylons by sanding the rough edges on cafeteria chairs and selling fruitcakes. Junior Civitans has shown itself to be one of our most enthusiastic clubs.

Members in the club include:

Bob Abrams	Jackie Fleisher	Carolyn Mallon
Bobette Adcock	Nancy Fox	Anita Mosher
Sue Baker	Dot Funkhouser	Candi Nieman
Dudley Ballew	Nina Gallup	Karey Olson
Mary Fran Bierce	Arthur Glenn	Tom Randall

Bruce Elliot	Kevin Leonard	Bob Stanners
Bob Ellis	Cilla Liscombe	Debbie Twardy
Ann Elmore	Robyn Long	Eben Visser
Linda Lopes	Margaret Willis	Carole Fischesser
	Lynn McCann	

The charter was presented to president Bobette Adcock by the president of the Fairfax Civitan Club.

One of the only organized club meetings AHS has ever seen.

"Many thanks, Civitans, for saving our nylons."

# A-BLAST

The A-Blast is the most widely read newspaper at AHS.

Mrs. Glickman helps members of the staff, Jean Tinney, Lynn Cockrill, Bobette Adcock, Sharon Morrison, Larry Wilkins, Al Berg, Nancy Fox, Lynn Grabb, and Scott Hustvedt.

A school newspaper's duty is to keep the student body informed, and the A-Blast does its job well. The staff is composed of Journalism II students, but Journalism I students are allowed to work as reporters after a semester of instruction.

New features which began this year were the supplementary *Flashes*, "College Countdown," and "Reflections . . .", a poet's column.

Sharon Morrison, editor-in-chief, puzzles over the latest problem.

Bobette Adcock, managing editor, checks copy on the latest issue.

# ANTENNA

Pete Sidle served as both editor and head photographer on this year's staff.

*Antenna* section editors: Carol Moak and Terry Beary, organizations; Eliot Stacy, boys' sports; Patt Bruns, copy; Terry Yamaki, activities; Mary Rooney and Loretta Horgan, girls' sports. Barney Siegle was missing when the picture was taken. Also missing when the picture was taken was Mary Keefer, art editor (and many thanks to her).

Chris Ries, managing editor, explains the need for organization to Nan Wood, Sophomore editor; Linda Albright, Junior editor; and George Nield, Freshman editor. Kitty Merendino, Senior editor, was missing.

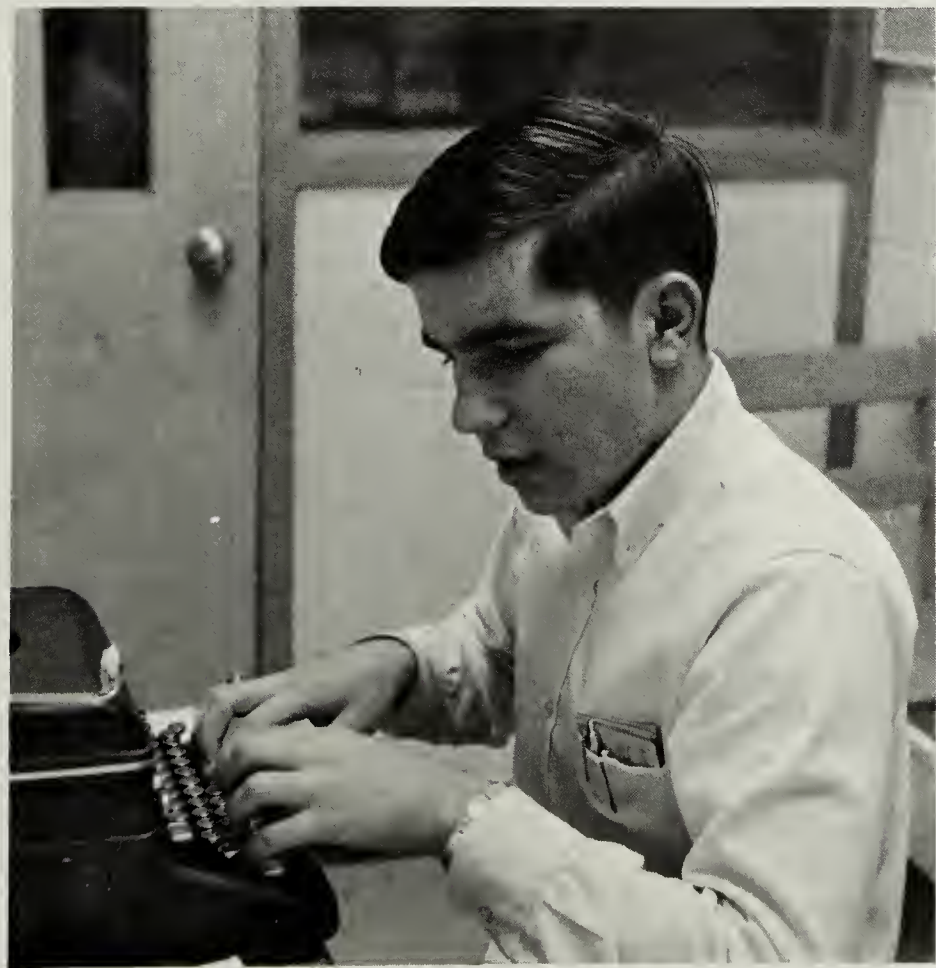

Brian Price, assistant editor, helped in a variety of ways in order to prepare himself for next year's *Antenna*.

Each year the *Antenna* staff tries to produce a book of imaginative, fresh, and thorough coverage of a year at Anandale High School. The staff starts big and ends up a small group of dedicated, talented people who work through study halls, SA's and lunch periods, and frequently put in long hours after school and over the weekends. At the end of the year five or six people breathe a sigh of relief as the last yearbook is finally distributed; then they brace themselves for the torrent of complaints from next year's *Antenna* staff.

Peter B. Sidle, Doug McCash, and Fred Stein sometimes furnished us with pictures. Joe Sayblack, promotions, worked with Bob Simmons, advertisements, for a smooth running business branch.

George Matecko, business manager, sold more yearbooks this year than ever before in spite of the decrease in the size of the student body.

# ANTENNA

Chris Ries, managing editor, overcame late deadlines and the non-existence of typists to get the yearbook to you on time (we hope).

Creating the 1964-65 *Antenna* was an experience the staff will never forget. Sometimes I insisted on impossible amounts of time and work from you. Sometimes I was mean, grumpy, and bossy. Sometimes nothing you could do would satisfy me. At any rate, you, the *Antenna* staff, will agree that the pages we have sent in are becoming all we had envisioned (well, *almost* all).

Anyway you've learned lots of useful things: how to draw layouts, how to goof off and make Mr. Davis think you're discussing yearbook policy, how not to get along with other people, and how to lose job stamps and football copy.

Thanks, *George*, for lending moral support and protection and for keeping the photographers in line at basketball games.

Thanks, *Kitty*, for being typist, someone to eat at Hot Shoppes with, and, most of all, for being a shoulder to cry on.

Thanks, *Brian*, for being a chauffeur, typist, and a faculty writer. Best of luck to you next year.

Thanks, *Nan*, for writing all that stuff for everyone else.

Thanks, *John Pearson*, for doing more work than lots of people officially on the staff.

Thanks, *S.C.A.*, for that wastebasket.

Thanks, *Mr. Odom*, for signing passes and telling us how much money we couldn't spend.

And, *Peter B.*, let's come back and laugh at 'em next year.

Chris

# LITERARY MAGAZINE

Karen Arnold instructs her staff in the technical aspects of creating a good magazine.

Genius at work!

The long hours of work put in by the *Fall Out* staff frequently go unrecognized, due to the fact that it appears only once a year. It is an excellent magazine representing the best art and creative writing of Annandale High School students in the areas of poetry, short stories, articles, and essays. Through the combination of a talented student body and a hard-working staff a memorable magazine is produced each year.

# LATIN CLUB

These are "honorary members" of the Latin Club.

A club which is one of the most informative at Anandale is the Latin Club. It has provided many interesting parties such as the Christmas party and Virgil's birthday party for its members. The most well known activity of the club is the Latin Banquet held on the Ides of March which is complete with Roman costumes, entertainment, and food.

# SPANISH CLUB

And a lot of people even went to the meetings!

Not only the Spanish language but also the culture of Spain was made alive to Annandale students through the activities of the Spanish Club. The club participated in the inter-club Christmas party and saw Spanish movies. A subscription to a Spanish magazine and a visit to the Inter-American Defense Board augments the list of activities available to Spanish students.

The German Club and their inspiration, Hans (fourth from left, first row).

"How do you say OUCH in German?"

Hans Breitenlohner, AHS's foreign exchange student from Austria, this year became the German Club's first honorary member. The club went to German movies and hosted a speaker from the German Embassy. The highlight of the club's activities was the Faschings Ball, a costume party held in March.

# FRENCH CLUB

"Who's the handsome boy on the left end?"

Another picture of Brian Price at work.

Striving to understand French culture better, the French Club has seen movies and slides of France. Other activities included learning French Christmas Carols for the inter-club party, working crossword puzzles and playing bingo in French. The groundwork was laid for pen-pal friendship between club members and French-speaking students in all parts of the world. During the second half of the year, Miss Bobo led the club in the study of French plays, which was an interesting experience for all members.

# RUSSIAN CLUB

Nyet!

New interest which has arisen in Russian culture is furthered at Annandale by the Russian Club's activities. A girl from Russia spoke to the club, and a Russian movie was shown. The club provided the entertainment for an International Relations Department meeting of the Annandale Women's Club, and participated in the Christmas Language Club party.

The Alpha Beta Tri-Hi-Y had some bad luck with what was planned to be their highlight activity; they held a bake sale to raise money for a dance but then had to cancel the dance. However, they also sold mints for the YMCA, collected money for world service for the YMCA, and had a slumber party in October.

Most people will agree that Alpha Beta had one of the best homecoming floats.

# Tri-Hi-Y

The Phi Sigma Tau Tri-Hi-Y is one of two Tri-Hi-Y's for senior girls. This year they held an open house, parties, and went to the beach. Their service activities included bake sales, collecting for Multiple Sclerosis and the March of Dimes, and donating to the Kennedy Library Fund. Woodson's Tri-Hi-Y was inducted by Phi Sigma Tau.

# Tri-Hi-Y

Kappa Beta Tri-Hi-Y's most glorious day of the year was the day it held both a bake sale and car wash to earn the smashing total of \$70. The club also worked at the tuberculosis center at Christmastime and made Easter baskets for the needy. But the organization's most interesting activity is its sponsorship of Sung Won, a Korean war orphan. The club sends \$25 a month and exchange letters with Sung Won.

# Tri-Hi-Y

The Tri Delta Tri-Hi-Y, in simpler terms, the sophomore Tri-Hi-Y, is a service club. The girls were busy this year. They had a bake sale to benefit the Kennedy Memorial Library, made and filled Christmas stockings for a children's hospital, visited Junior Village, and held a slumber party. The club offers girls an opportunity to serve their school and community.

# DRAMA CLUB

The stage crew put in many long hours adding a professional touch to many of AHS's dramatic productions.

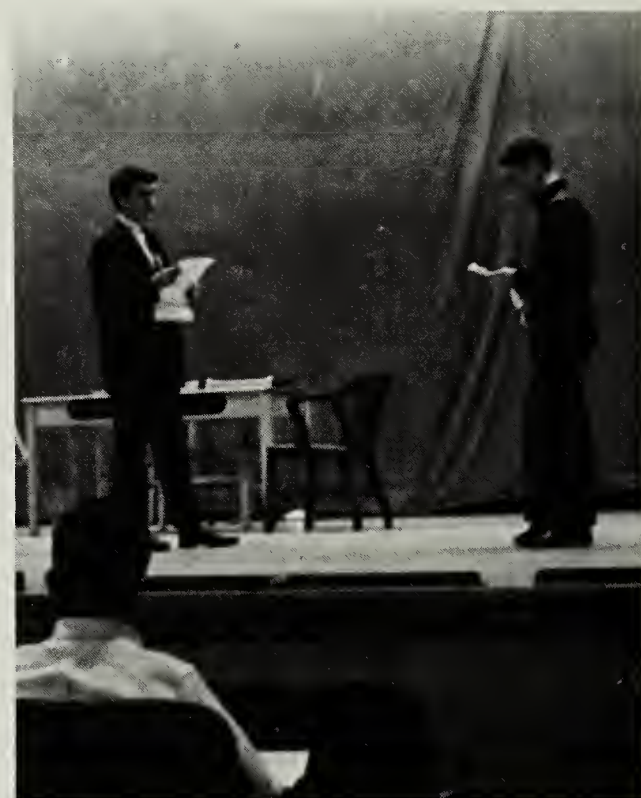

Drama and music were closely linked in many productions.

DRAMA CLUB

Annandale student's are especially grateful to the drama department for brightening the school year with its colorful productions. And extra thanks go to the person who made this all possible, Mrs. Summers.

Rehearsals lasted longer and longer as curtain time drew near.

THESPIAN SOCIETY

# AFS CLUB

The purpose of the AFS club is to promote interest in and understanding of the cultures of foreign countries.

The club, along with the SCA, sponsors the AFS student exchange and then helps to make the students feel welcome with square dances, sightseeing trips and potluck dinners. The club also has an annual AFS assembly introducing visiting students to the student body.

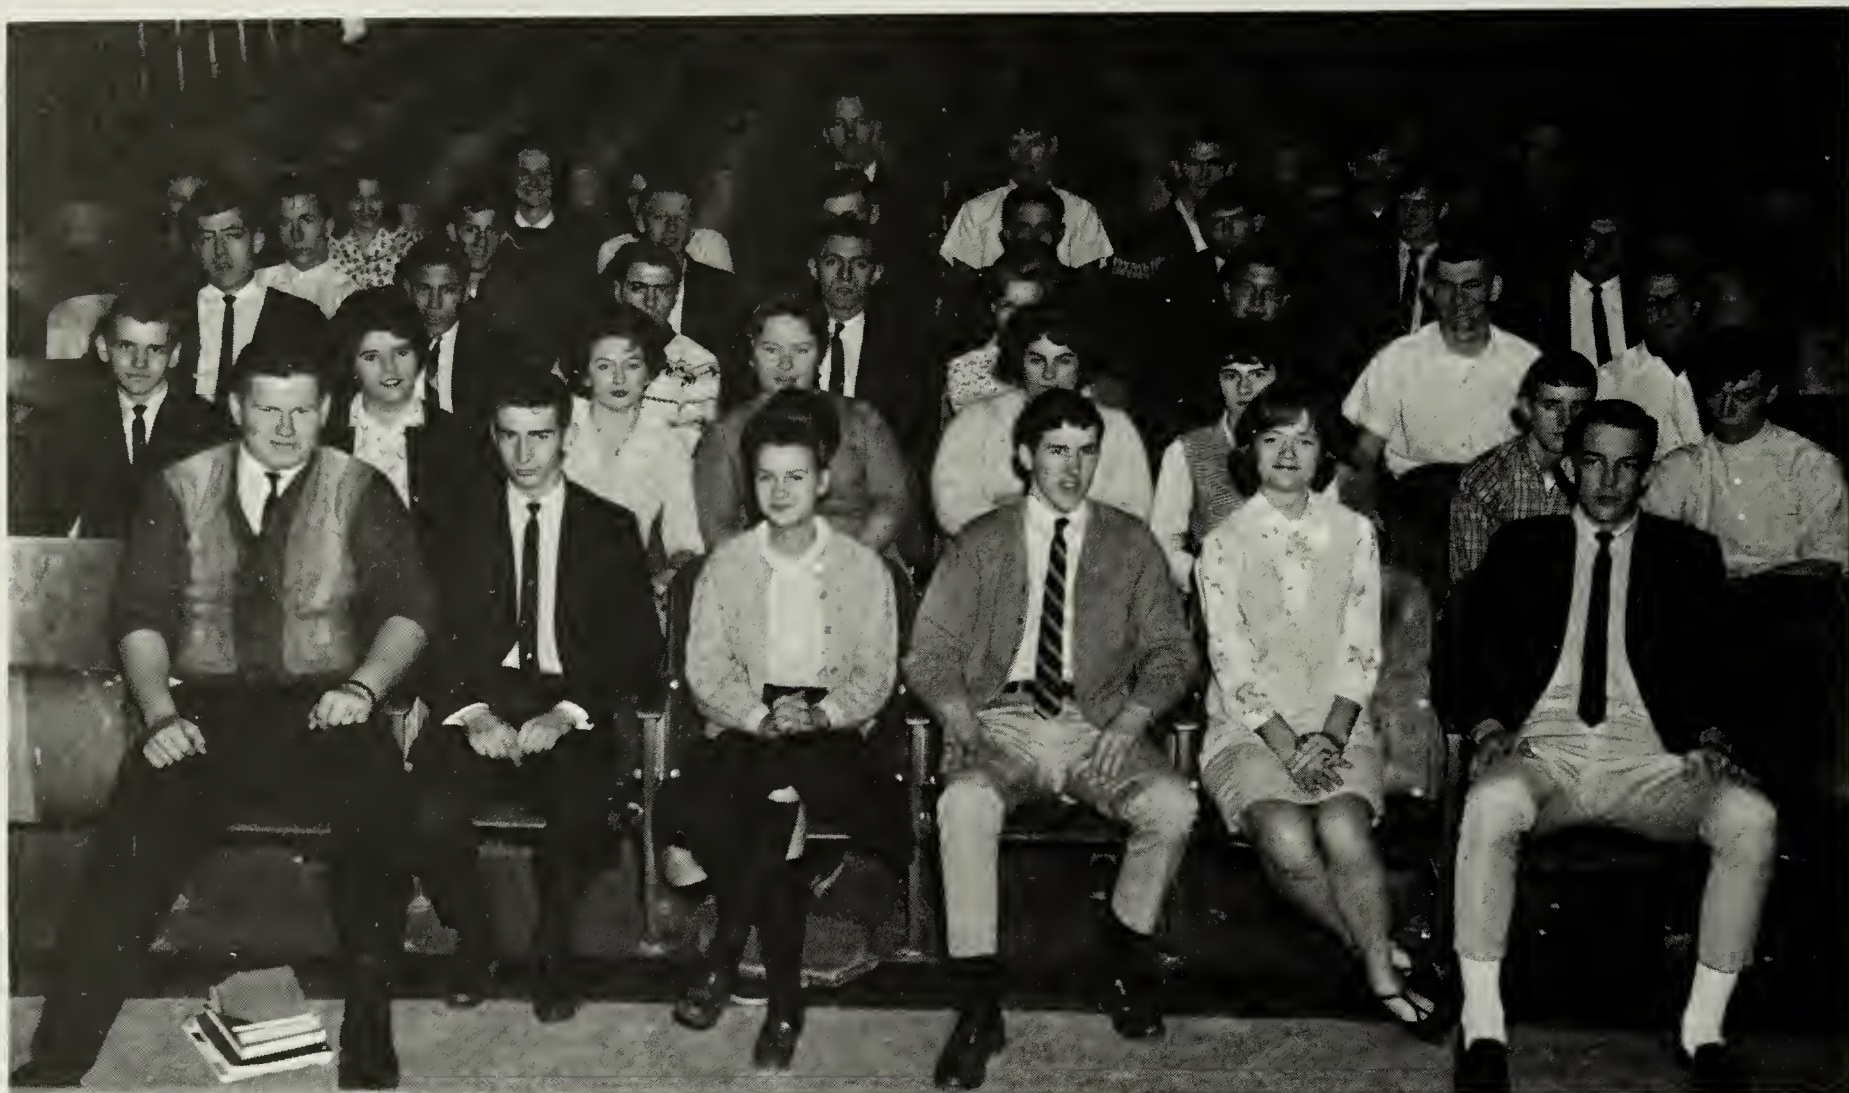

Tom Rapp, who spent a year in South Africa, discusses foreign policy with Hans Breitenlohner from Austria.

Hans tells the AFS club what life at home is like.

# DE CLUB

Due to outstanding leadership, the D.E. Club is more active than ever before.

The Distributive Education Club is open to all D. E. students, those working part of the school day and studying the other part. This year it held an Employer-Employee Banquet, D. E. Club luncheons, and participated in various area and state contests. The activity with which the student body is most familiar is its traditional sponsorship of the Miss Annandale Contest.

Students who are members of the club include: Matt Sauer, pres.; Leslie Fisher, v-p.; Charlotte Coffee, sec.; Richard Eissner, treas.; Fred Miller, hist.; Wally Cain, parlmnt.; Jerry Hinz; Ruth Meyer; Pam Morton; Jane Clark; Robert Graham; Joe Gura; Wayne Johnson; MaryAnn Meadows; Ken Spafford; Bill Stacy; Bob Turman; Bill Utt; Jim Sayers; William Brooks; Jary Rolston; Terri Kelly; Jim Connolly; Ralph Bowles; Pat Forde; Vivian Martin; Dee Bowles; Dave Davidson; Brenda Harrison; Carol Jones; Richard Kimzey; Gletta Layne; Peggy Morton; Art Varnar; Peter Gaul; Edward Spaure; Peggy Schoenecker; Linda Scott; Sue Vines; Bill Tompson; John Cope; Bruce Parker; Larry Jones; Steve Thomas; Wayne Tolliver; Kathy Berry; Mike Cooper; Charles Delf; Bob Feavyear; Gray Grayson; Dennis Hart; Jim Thompson; Mark Bielski; Chester Reynolds; Tony Smith; Wayne Dowell. Mr. Todd is the sponsor of the club.

The officers of the club spend long hours planning the Miss AHS contest.

# MATH CLUB

What a way to study math!

"Now, if we disconnect this wire and replace it with this one . . ."

Trips to CEIR's IBM set-ups in Springfield and Alexandria provided the main activity for the club whose purpose is to furnish the interest of students in math. Its members include Tom Pitt, pres.; Doug Sprugel, v.p.; Kathy Orr, sec.; Ric Smith, treas.; Hans Breitenlohner, mascot; Art Arden; Mike Kayes; Ann Papin; Robert Ruecroft; Tom Shaffer; Rick Shearer; Eben Visher.

# SAM

SAM may turn up anywhere, and students are always amazed.

Remember the errors in the juniors' and seniors' phone numbers in the Student Directory? Ever wonder how Miss Annandale is *really* chosen? SAM was there.

The Society of Annandale Magicians is more of a magicians' union than a club. "Inter-cooperation" is its purpose. Members criticize each other's acts, help each other obtain equipment, and share the secrets of an art known only to a magician. Its members are Eben Visher, pres.; Bob Abrams, v.p.; John Hagstrom, v.p.; Gary Morgan; Steve White; Nelson Kunianski; and Donn Hayes.

Inter-cooperation!

Surprise! Eben Visher just created a PBS.

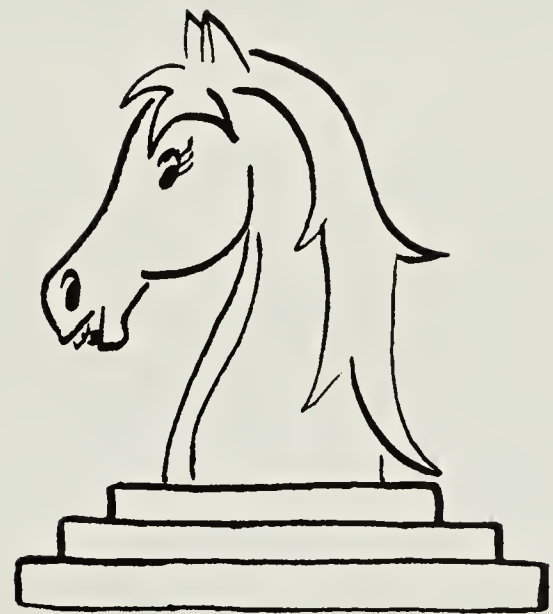

# CHESS CLUB

The Chess Club in action?

Stewart Bornhoft puzzles over his next move.

Periodically, throughout the school year, Annandale's Chess Team engages in interscholastic competition in the Northern Virginia Chess League. The team is composed of the top five members of the Chess Club, who are selected on a point system based on weekly intra-club competition. At the Awards Assembly, trophies are presented to the five members who played in the most inter-scholastic matches. In March, the club will host the first round of the League's Individual's Tournament.

# BIOCHEMISTRY CLUB

Mr. Heinz and the Bio-chemistry Club.

AHS students are given a chance to learn biochemistry, which has never before been offered at the high school level. As a dissertation for his doctorate, Mr. Charles Heinz has undertaken to offer instruction in this course each Wednesday night after school. The course serves as an enrichment to the student's science education.

Students capture the secrets of biology.

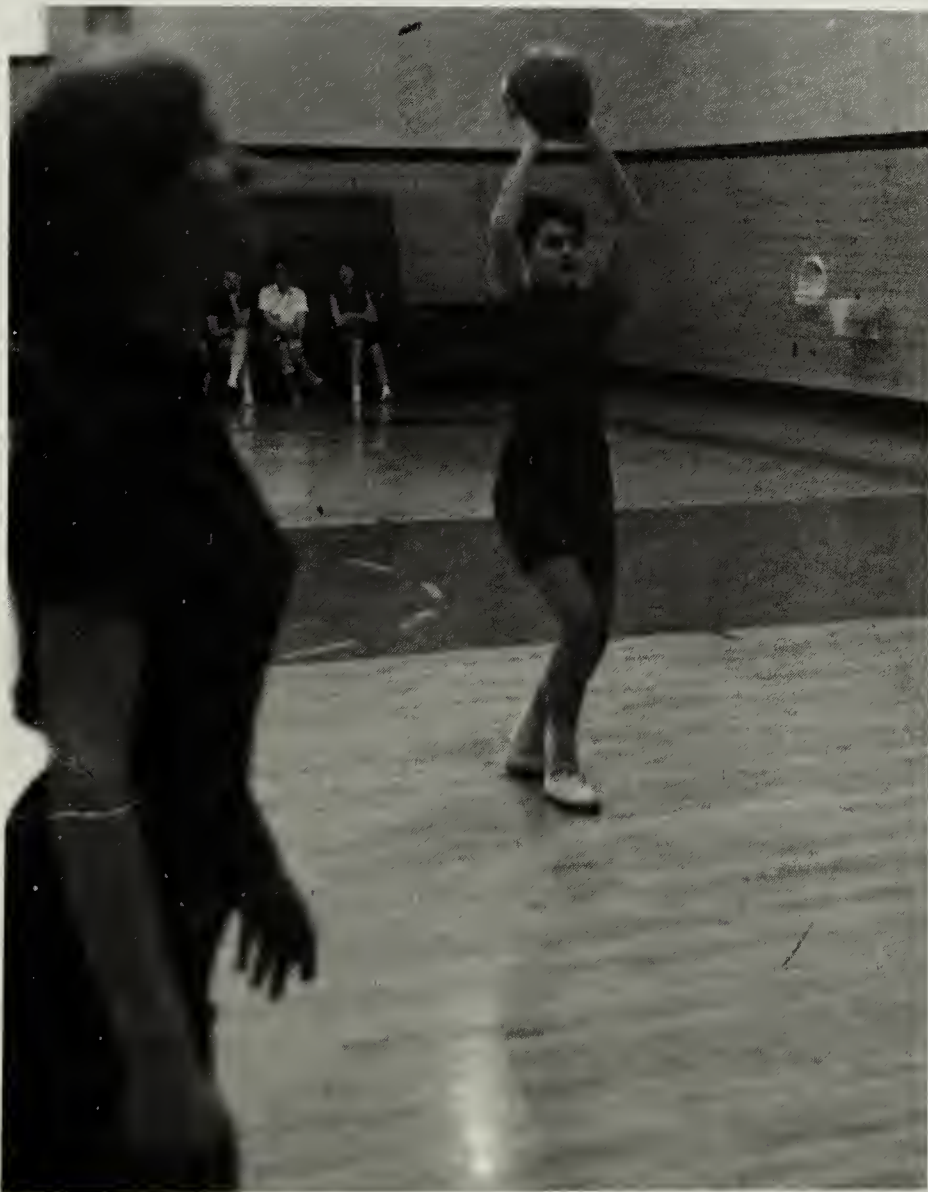

Mike Kayes explains the intricacies of the periodic table.

The GRAA

An especially popular sport among the girls is basketball.

The Girls' Recreational Athletic Association was formed to further an interest in sports among girls. A club letter can be won by the girls.

Activities conducted by the GRAA include track meets, a hockey meet, a basketball meet, and camp outs.

Membership includes Maddie Hegarty, pres.; Mary Rooney, v.p.; Kathy Rooney, sec.-treas.; Marcia Applegate, Jane Blankerbanker; Sue Batten; Kathy Christy; Anita Cahoon; Pat Fitzgerald; Loretta Horgan; Ann Hagan; Hope Heaven; Carolyn Kissinger; Chris Long; Carolyn Mallon; Cheryl Mornone; Debbie Putnam; Barbara Ritter; Kathy Raftery; Sharon Skinner; Sharon Strecker; Peggy Spruill; Kitty Suraci; Bonnie Thie; Lin Tucker; Lynn Pennefill; and Marsha Schmitt.

Maddie Hegarty and Mary Rooney do a routine on the parallel bars.

# FHA

Future Homemakers of America is part service club and part interest club. In AHS's club, Thanksgiving baskets were made for needy families and Christmas centerpieces for a hospital. The club participated in a Red Cross drive, heard guest speakers, and held panel discussions on topics related to its purpose. The highlight of the year was a fashion show in which members modeled fashions they had made.

# FTA

Future Teachers of America has made life more pleasant for the faculty by decorating the teacher's lounges and distributing cookies at Christmas. Members gained priceless experience by teaching at elementary schools, and in the spring they visited colleges.

# SWIM CLUB

Annandale's newest club, the Swim Club, was formed just this year, and came into being at the request of that element of the student body which could not resign itself to the prospect of no swimming during the cold weather. This year the members planned an inter-club splash party, and participated in interscholastic swimming meets with other area high schools. The club meets once a week at the Starlite Aquatic Club.

AHS's hardier students.

A black and white photograph of two men in suits sitting at a desk, looking at a document together. The man on the left is holding the document, and the man on the right is pointing at it. They appear to be in a formal setting, possibly a courtroom or a government office.

The person you see expounding on nuclear arms control, interrogating imaginary foes, and planning complicated strategy every Monday is probably a member of the debate club preparing for the debate. This year's topic, "Resolved: that nuclear weapons should be controlled by an international organization," as always, required long hours of preparation. All members of the debate club hope that this challenging and stimulating but much-neglected activity will be more popular in the future.

# YOUNG LIFE

Young Life is a non-denominational Christian organization, which tries to make today's student aware of the application of Christian conduct in his everyday life. Young Life members went to Johnstown, Pa. for skiing this winter and to Ocean City for surfing and swimming last summer. Activities of this sort perhaps are the key to Young Life's extreme popularity in the social set of AHS.

This is one of the more quiet Young Life gatherings.

# BAND

The mighty AHS band.

*Keep studying music - you've got possibilities  
- Best wishes - J. Passin*

One hundred marching Atoms start the year by performing at football games and go on to perform at several concerts and assemblies. Among these, the Spring and Christmas Tiny Tot Concerts are the best known. This year, our band participated in a band exchange program by visiting Maurice Hills High School in New Jersey and hosting their band's visit to Annandale.

*That's ME!*

A is for apple, animal . . .

In foul weather and fair, many hours go into practice for each performance.

Here are majorettes. The tots don't *look* scared!

Diana McKinney, co-captain; Judy Goltz, captain; Judy Phelps; Linda Gallant; Barbara Schild; Kathy Janes; Gayla Larson; Ginny Anderson.

Majorettes are nice. They are red and white and pleated and sparkly and twirly. They hold flags and twirl batons and prance across the football field. They also scare the tiny tots that come to hear the concert. Majorettes are nice.

This year's Pep Club was one of the most active in the history of Annandale High. Among the usual activities of decorating the halls and putting up locker signs, the club presented an Atom flag to the school, organized a week for the recognition of winter sports, and sold decals to the students.

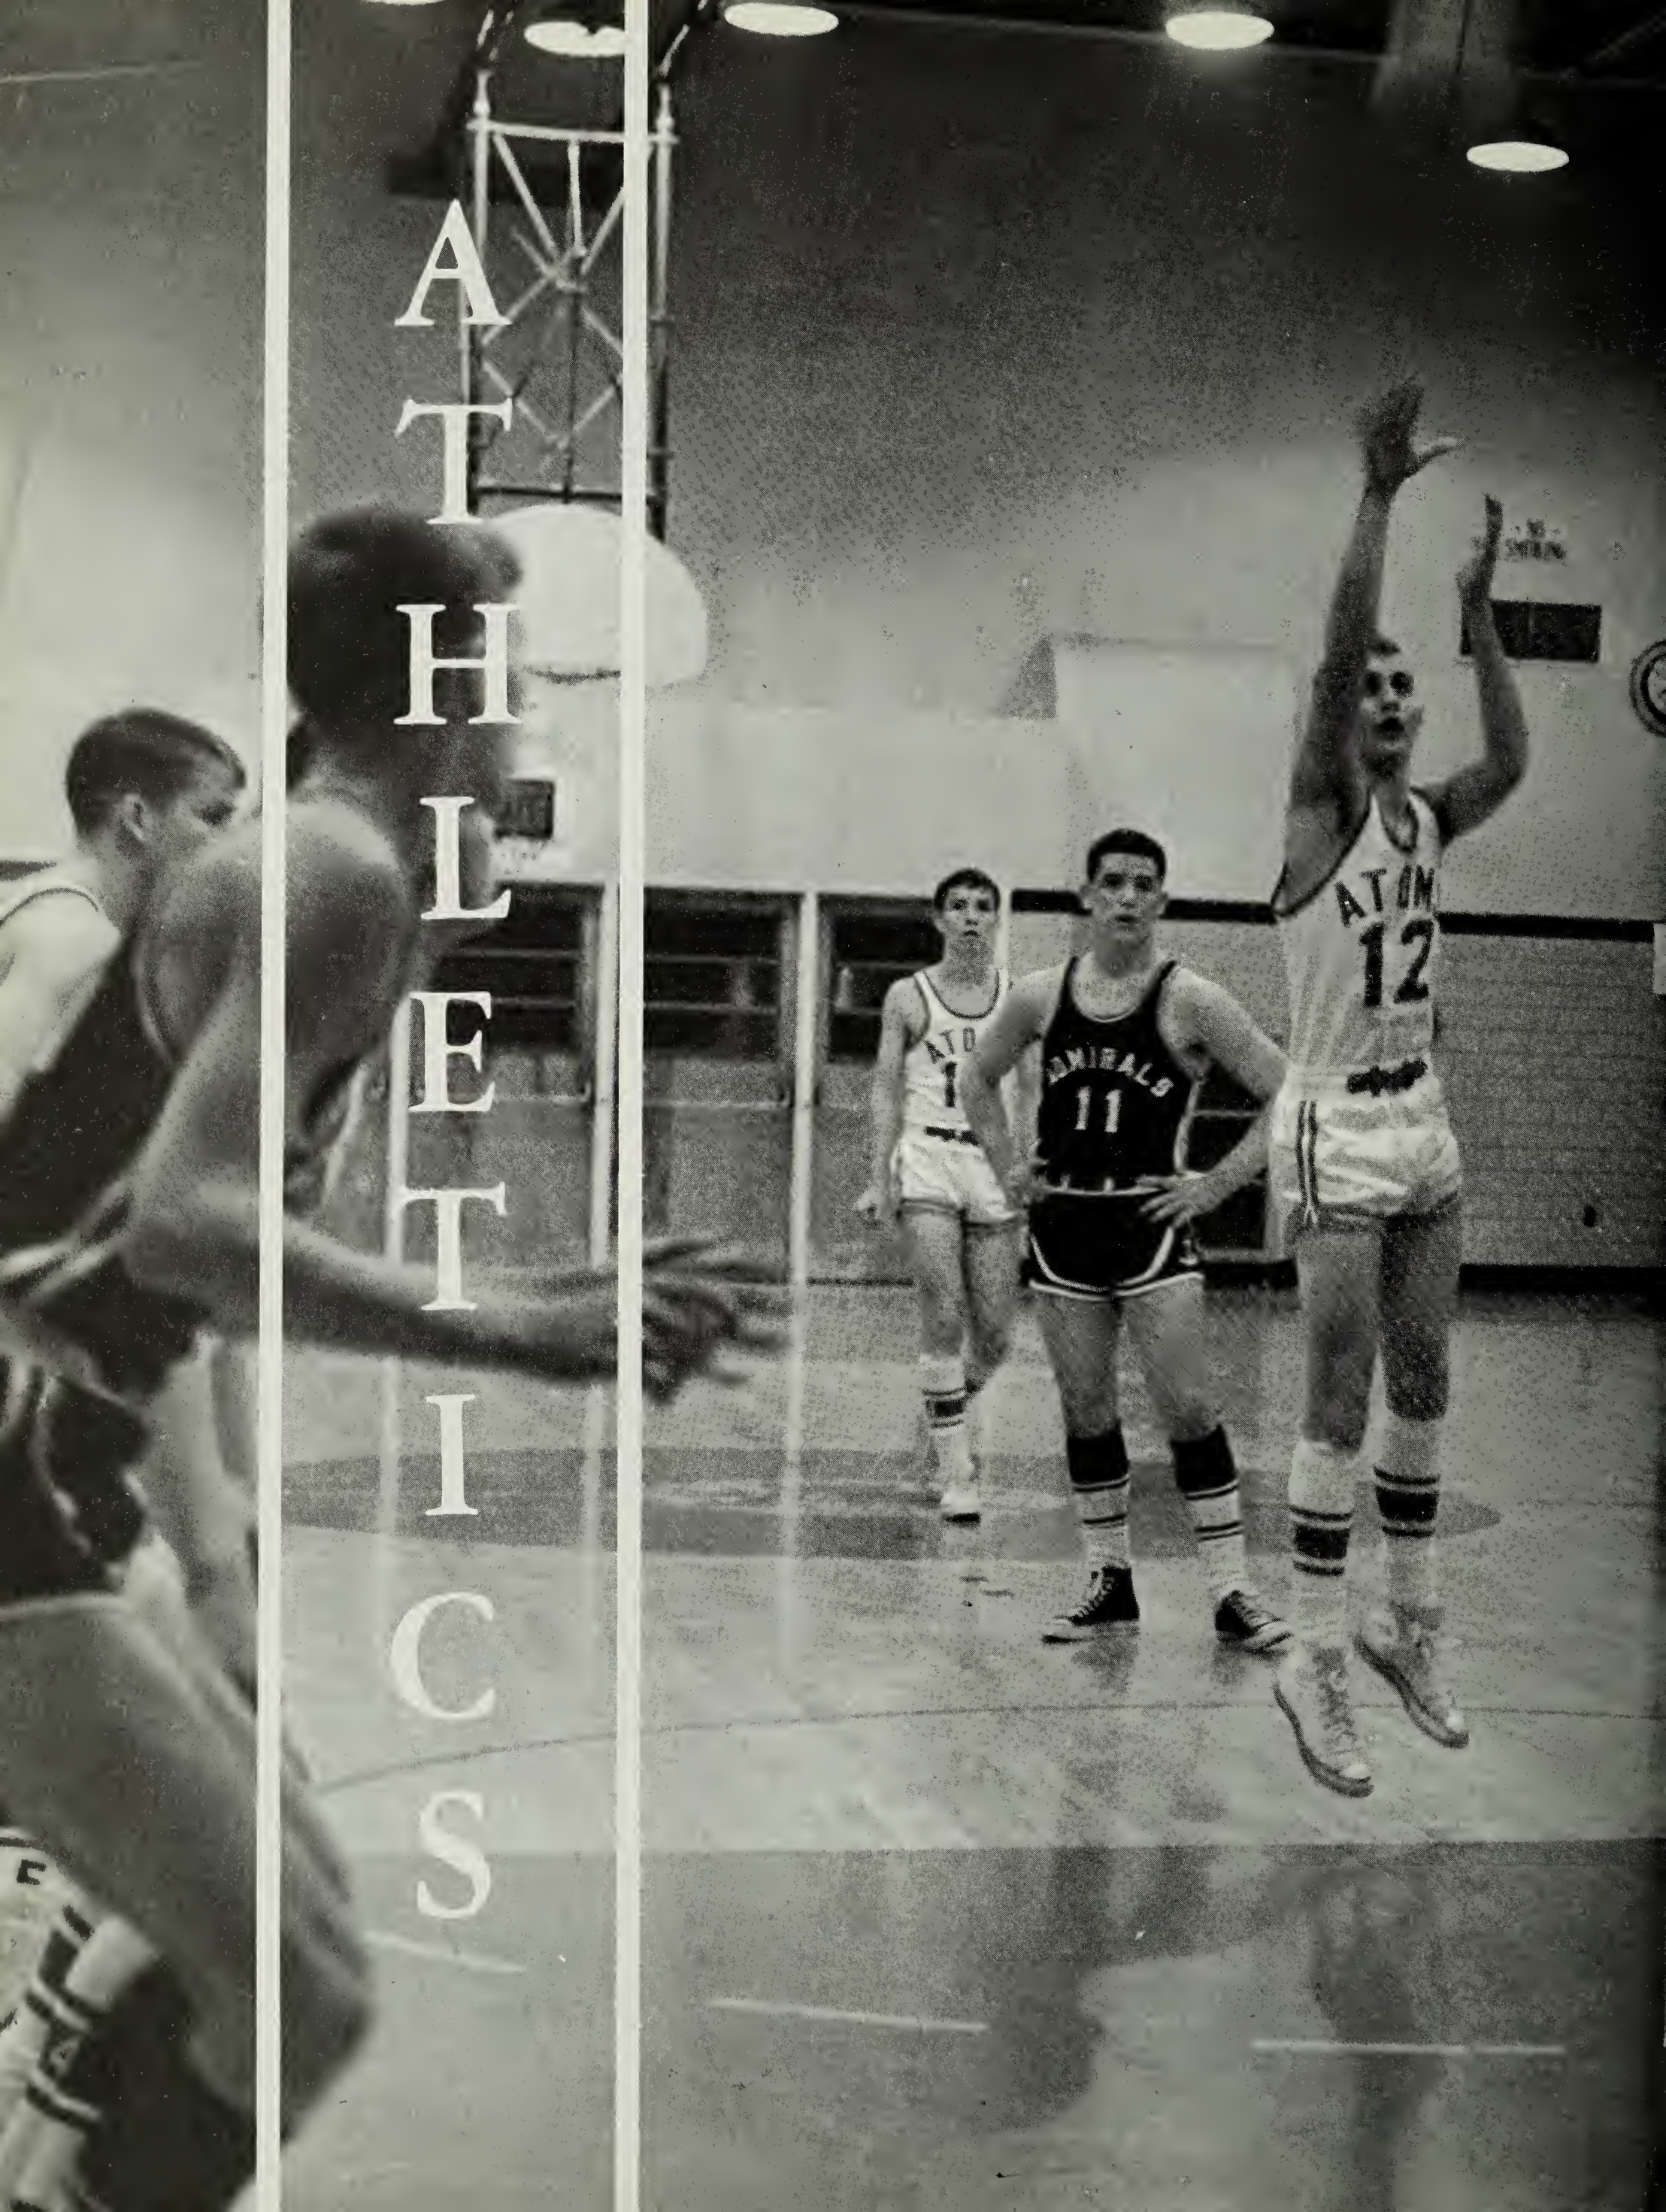

One of the main jobs of the Pep Club is to remind the team, with the use of locker signs, that we're all behind them.

Jim Creekman and Tim Austin head for another victory.

And enthusiasm on the sidelines was high.

Long summer practices and many after school hours prepared AHS for the tough teams which she would face in the 1964-65 season. Under the direction of Coach Edward Henry, the Atoms went through the first half of the season undefeated but were later slowed down and finished with a record of seven wins and three losses.

Mr. Hardage keeps track of who's doing his job out there.

"We did it again!"

As the 1964-65 Basketball season opened, the Atoms faced their first opponent, Wakefield, who eventually landed the first place position in the Northern Virginia 1-A League. The Warriors were too much for the Atoms and handed AHS its first loss (60-45). Defeated in the first game, the Atoms bounded back with victories over Madison (66-50) and Falls Church (59-55), a double overtime win, which proved to be one of the best games of the year.

Next came the tall W & L Generals and height proved to be a determining factor as the Generals overpowered the Atoms (65-37). The Atom's next two encounters were Groveton (72-52) and Stuart (69-57). Again AHS was disheartened by fourth quarter defeats. Due to an off third quarter the Atoms had to again go in the loss column: Mt. Vernon 61, AHS 48. But the Atoms proved they could come up with a win by defeating Yorktown (51-44). In a high scoring game between AHS and Fairfax, the Rebels were in the lead as the buzzer went off (92-75).

Pete Nickerson, junior, jumps for a layup as Phil Steffes looks on.

Bill Steiger puts the ball back in play.

Annandale came up short in the next three games as they were defeated by George Washington (92-49), Edison (88-71), and McLean (77-72). By defeating Fort Hunt, the Atoms again showed up in the winning column (70-69). While hosting the Lee Lancers and the Marshall Statesmen, the Atoms couldn't quite come up with the victories as they lost 88-82 and 82-78, respectively. Then it was discovered that the Atoms would have to forfeit two of its wins because of an oversight in the eligibility of one of the team members.

# VARSITY BASKETBALL

"Don't shoot!"

Throughout the entire year, the Atoms had been what is known as a shoot and run team, but Coach Harry Smith decided that they should employ a new type of offense known as "freezing the ball." This method was quite successful in the first half of the game against Woodson, but the opposition got hot-handed in the second half (72-53) to average their last year's one-point defeat by the Atoms. The final game of the year and the final high school game for the seniors went down as a loss (75-50), when they were defeated by the Hammond Admirals. The Atoms ended the season with a somewhat disappointing record, 2-15.

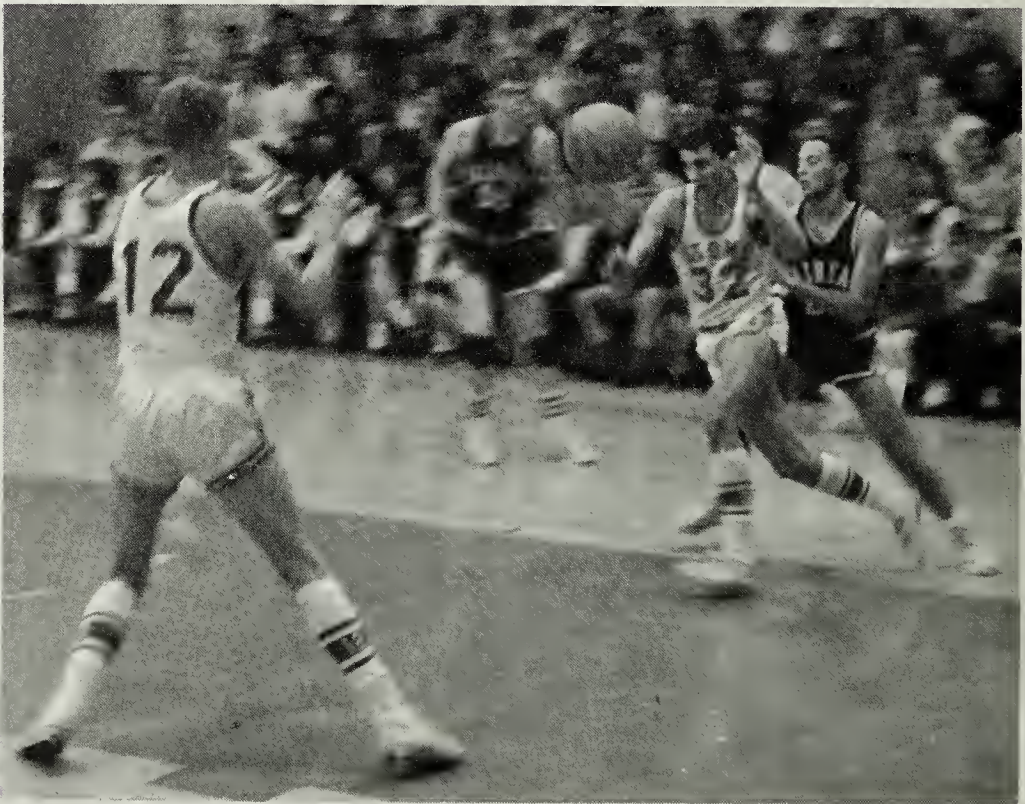

Bobby Settle goes up for two.

Over the years basketball has proved to be one of the most popular of all girls' sports. It affords girls the opportunity to develop coordination and master the art of teamwork. Through the excellent coaching of Miss Buck and Miss Moreland, the members of this year's varsity and junior varsity teams improved their sense of timing, balance, accuracy, and appreciation of teamwork and sportsmanship.

The outstanding quality of this year's team may be said to be the ability of the girls to function efficiently as a team—not merely as individual players.

Marshall	10- 3
Madison	5-25
McLean	21-10
Stuart	15-16
Mt. Vernon	25- 5

Fine season records from the Varsity and Junior Varsity Softball teams are largely due to the hard work of the many enthusiastic players on the teams. But credit must also go to Miss Moreland, the Varsity coach, and Miss Buck, the J.V. coach. These people worked all year to produce the fine season records and the rising J.V. players promise to produce a fine Varsity next year.

A behind-the-scenes shot of what a J.V. batter faces . . .

*Junior Varsity Softball Team*, First row, left to right: Nancy Hustvedt, Sue Belt, Becky Phillips, Nancy Hardee, Eileen Spaulding, Kathy Blaine. Second row: Barb Ritter, Joan Duncan, Sharon Storm, Kathy Christie, Jan Storm, Flo Moses, Nancy Moore.

# ASSEMBLIES

Our annual American Field Service Assembly was a grand success. We had four foreign visitors and half a microphone.

Bill Gardener and Wayne Hamilton having a feud over who has the cutest bunny.

Roses and people wilted under the lights at the annual Thanksgiving concert.

School spirit soared as all the students took part in the last pep rally.

# POWDERPUFF FOOTBALL

It's all in the way you look at it!

"Who's idea was this?"

Even though the underclassmen tried their best and the game was the first fair powderpuff game in history, the seniors reigned victorious 26-6.

"It's a woman's world!"

# HOMECOMING

In the last few hours before the big weekend began, students looked on in anticipation.

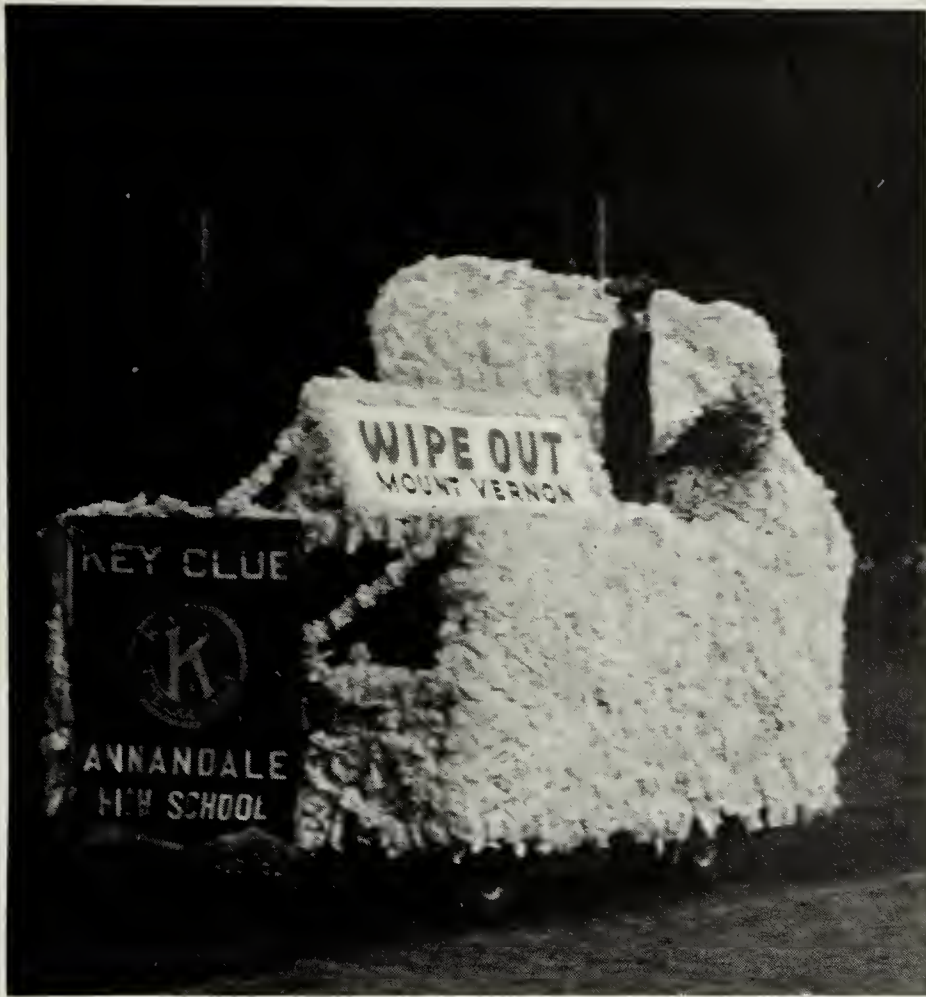

"And now, a word from our sponsor."

Each year AHS juniors threaten to burn Miss Finch, but this year . . .

# HOMECOMING

"Will license number 455-769 please report to the office? You forgot to get a parking permit."

T'was Hallow's Eve when all through the night The Key Club was wishing they'd drive out of sight.

This float laid a bomb.

I wonder if next year's senior class will "Boo's" as much as this year's did.

Mr. Buckley crowns the 1964 Homecoming queen, Miss Sandy Smith.

# SENIOR PLAY

The senior cast of "The Girl's in 509" presented Mrs. Summers with a bouquet of roses during their final curtain call.

"You should have answered it, 'Hello, I'm listening to the lively one.'"

Ken Murray seems to have little to say about the situation.

"Well, that's nothing! I'm really *Superman* in disguise!"

After hours of practice, the moment always comes when one must face the audience.

# TALENT SHOW

After capturing half of first place as a singing group, *Lyn Sparks* and *Allen Clark* went on to do professional singing.

The *Alphabets*, who tied *Lyn* and *Allen* for first place, entertained AHS students with a tale of Hollywood singing groups.

Instrumental winners, *The Cal Lewiston Quintet*, *Mike Raphael*, *Pete Sidle*, *Bob Cofeen*, and *Cal Lewiston*.

*Lyn Butler* won first place in the dance division for the second year in a row.

# JUNIOR PROM

This year's Junior Prom was held at the Marriot Hotel on December 4.

A lull in the excitement of the prom.

"I don't care if I look better by candlelight. Turn the electric lights back on!"

And, as usual, the chaperones had the most fun of all.

# SADIE HAWKINS

"Don't go 'way. We'll be back right after a word from our sponsor."

"Yea, it does look like Dogpatch, don't it?"

"Don't look so happy. It's only for a day!"

The Sadie Hawkins dance, held on November 25, attracted more people than any other dance during the year.

# IT'S ACADEMIC

Annandale students, both at home and at the studio, hoped for victory in the annual television quiz show, "It's Academic."

Lyle Groom, Leland Sprinkle, and Douglas Sprugel composed the team while Mrs. Bauer kept score and Mac McGary asked the questions.

# DANCES

An S.C.A. dance confirms it; Hans likes coeducation.

Jeff Fair and Mary Ann Hughes enjoy a senior class party.

Freshman can dance, too?

This year's S.C.A. dance program was greatly enlarged to meet the social needs of Annandale students.

# DANCES

A new dance, the jerk, became more and more popular at school dances.

And when you cover her eyes, she is deactivated.

"Someone turn off those lights! My eyes are getting sun-burned!"

# SWEETHEART DANCE

*The 1965 Sweetheart Court: Jan Hamill & Kevin Davenport, Kathy Moser & Chip Grange, Nancy Fox & Mike Petersilia, Barbara Mayhall & Dave Stulman, Brenda Williams & Perry Wright.*

And we danced fast . . .

and sweetheart slow.

# SENIOR CLASS TRIP

Leland Sprinkle calculates the velocity of the wind at 237 feet above the 32nd story of the Empire State Building.

April 10 in New York.

"And there are the White Cliffs of Dover," exclaims Dan Woods.

The upper layer of the Idiotic Two Dozen.

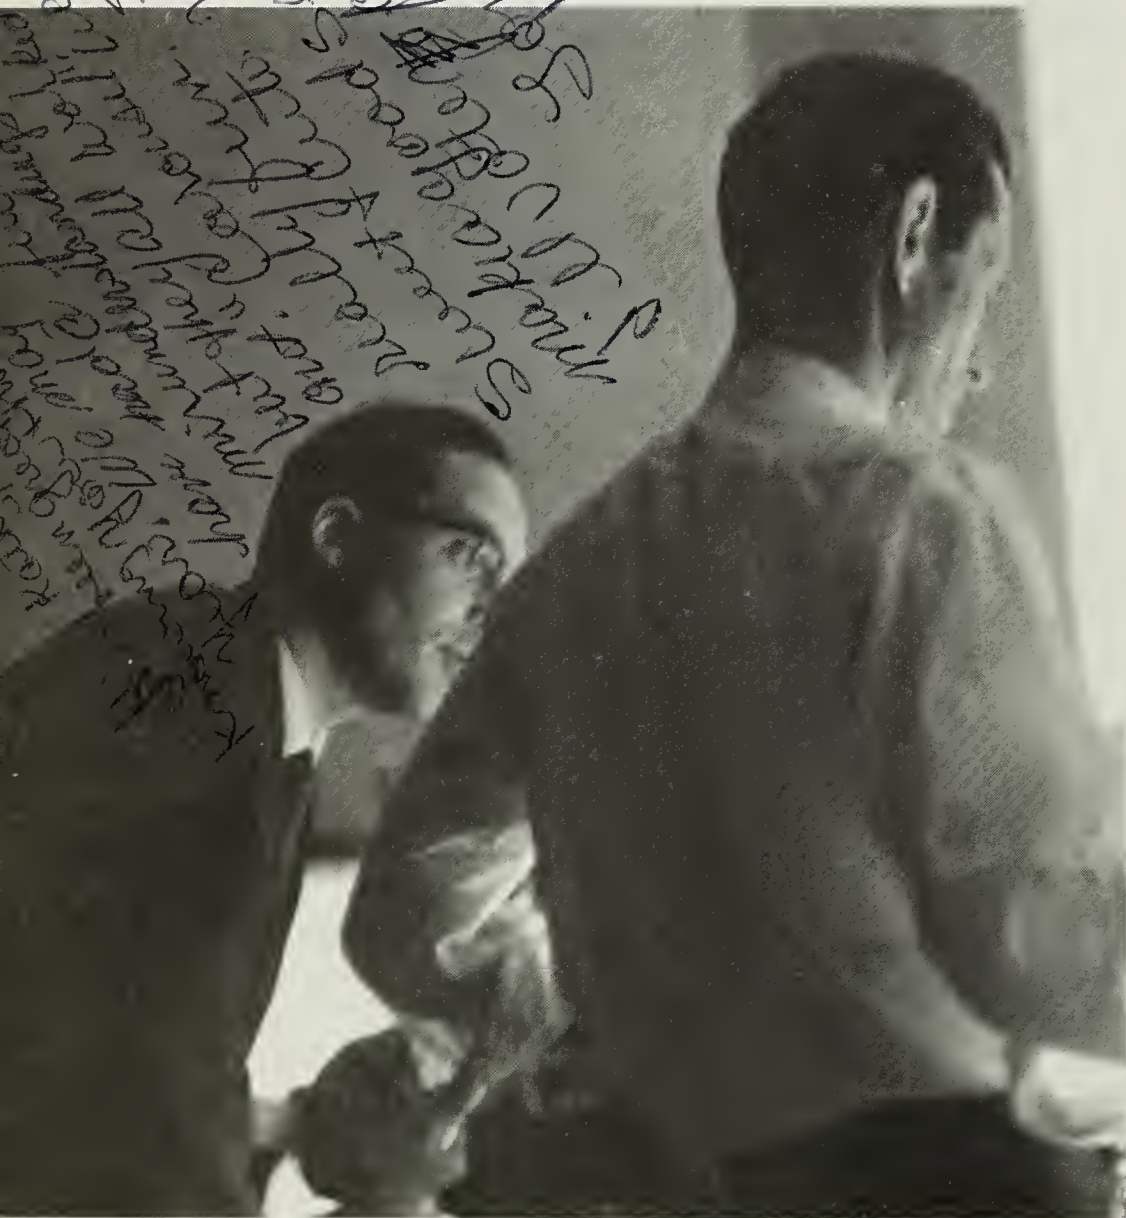

# "CAROUSEL"

After hours of practice,

painting,

planning, and

play,

# "CAROUSEL"

"Carousel" was performed.

Billy (John Pearson) courted Julie (Gayla Larson)

Mr. Snow (Wayne Hamilton) courted Carrie (Debbie Twardy)

# MISS AHS CONTEST

Before the contest began there was plenty of nervous anticipation.

Each contestant had to face the inquiries of the judges.

Then there were anxious moments waiting for the judges to make their choice.

# MISS AHS CONTEST

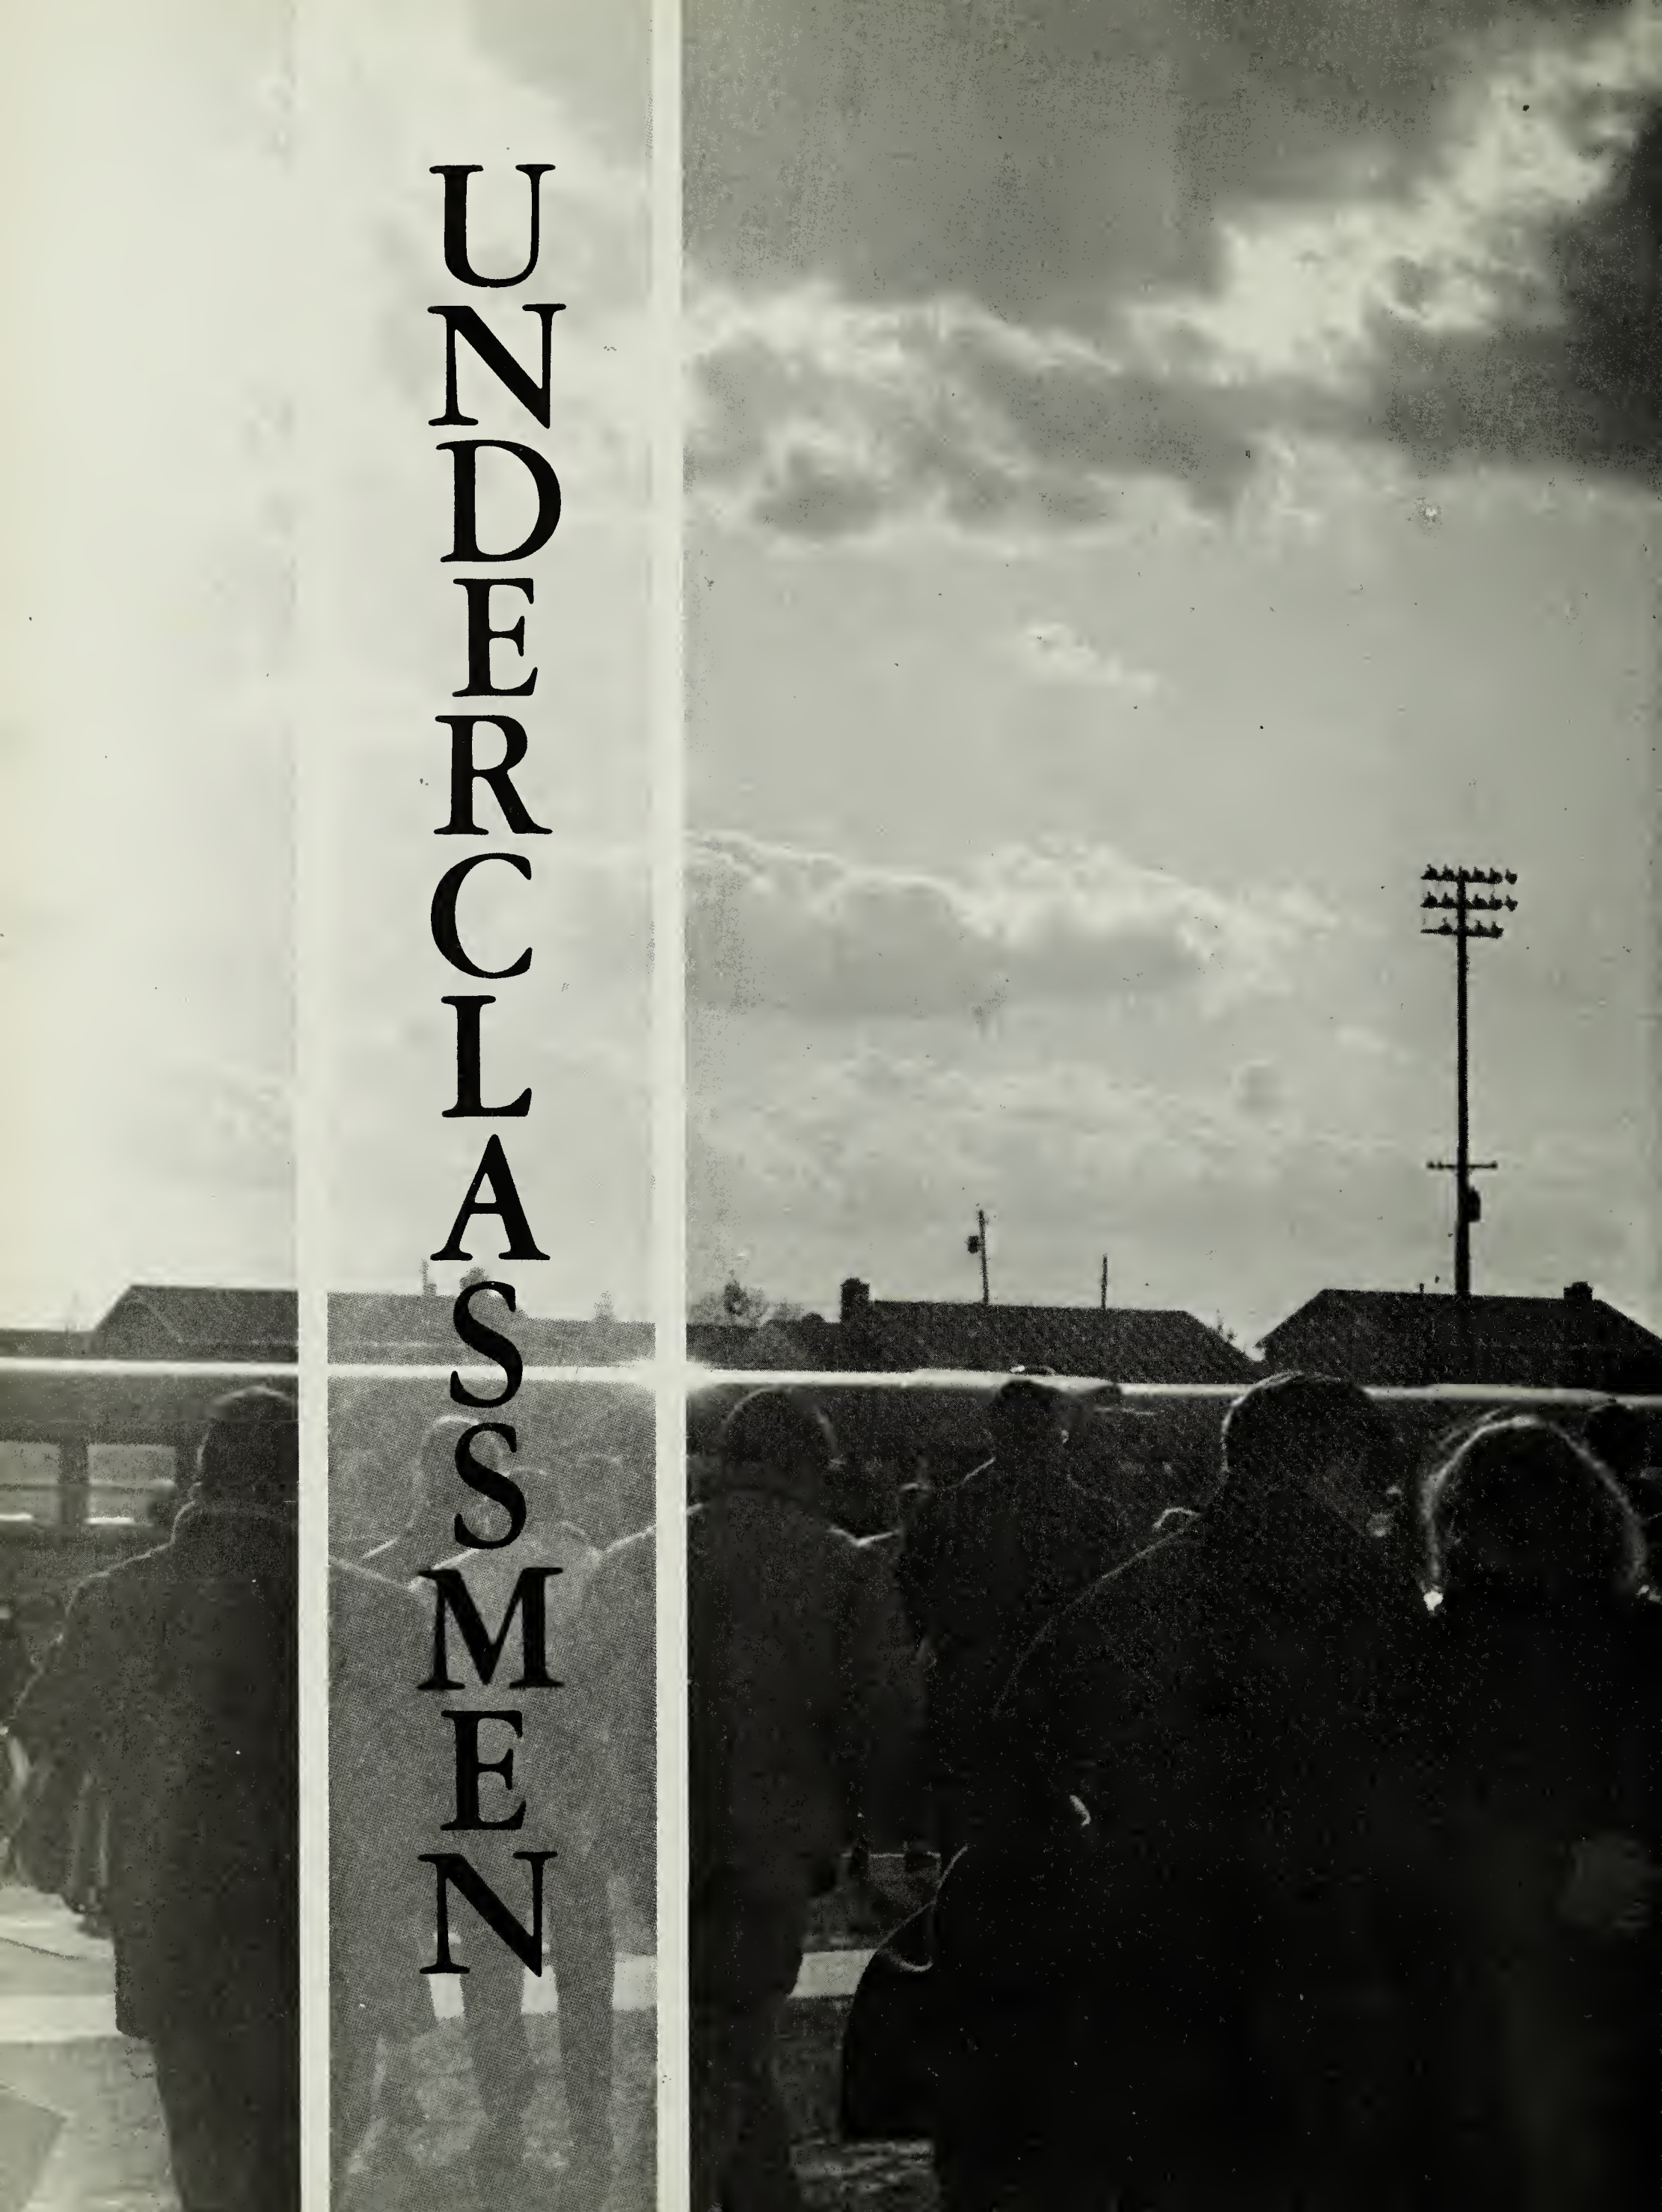

The choice was made! Sandy Smith crowns the new "Miss Annandale," Sandy Cook.

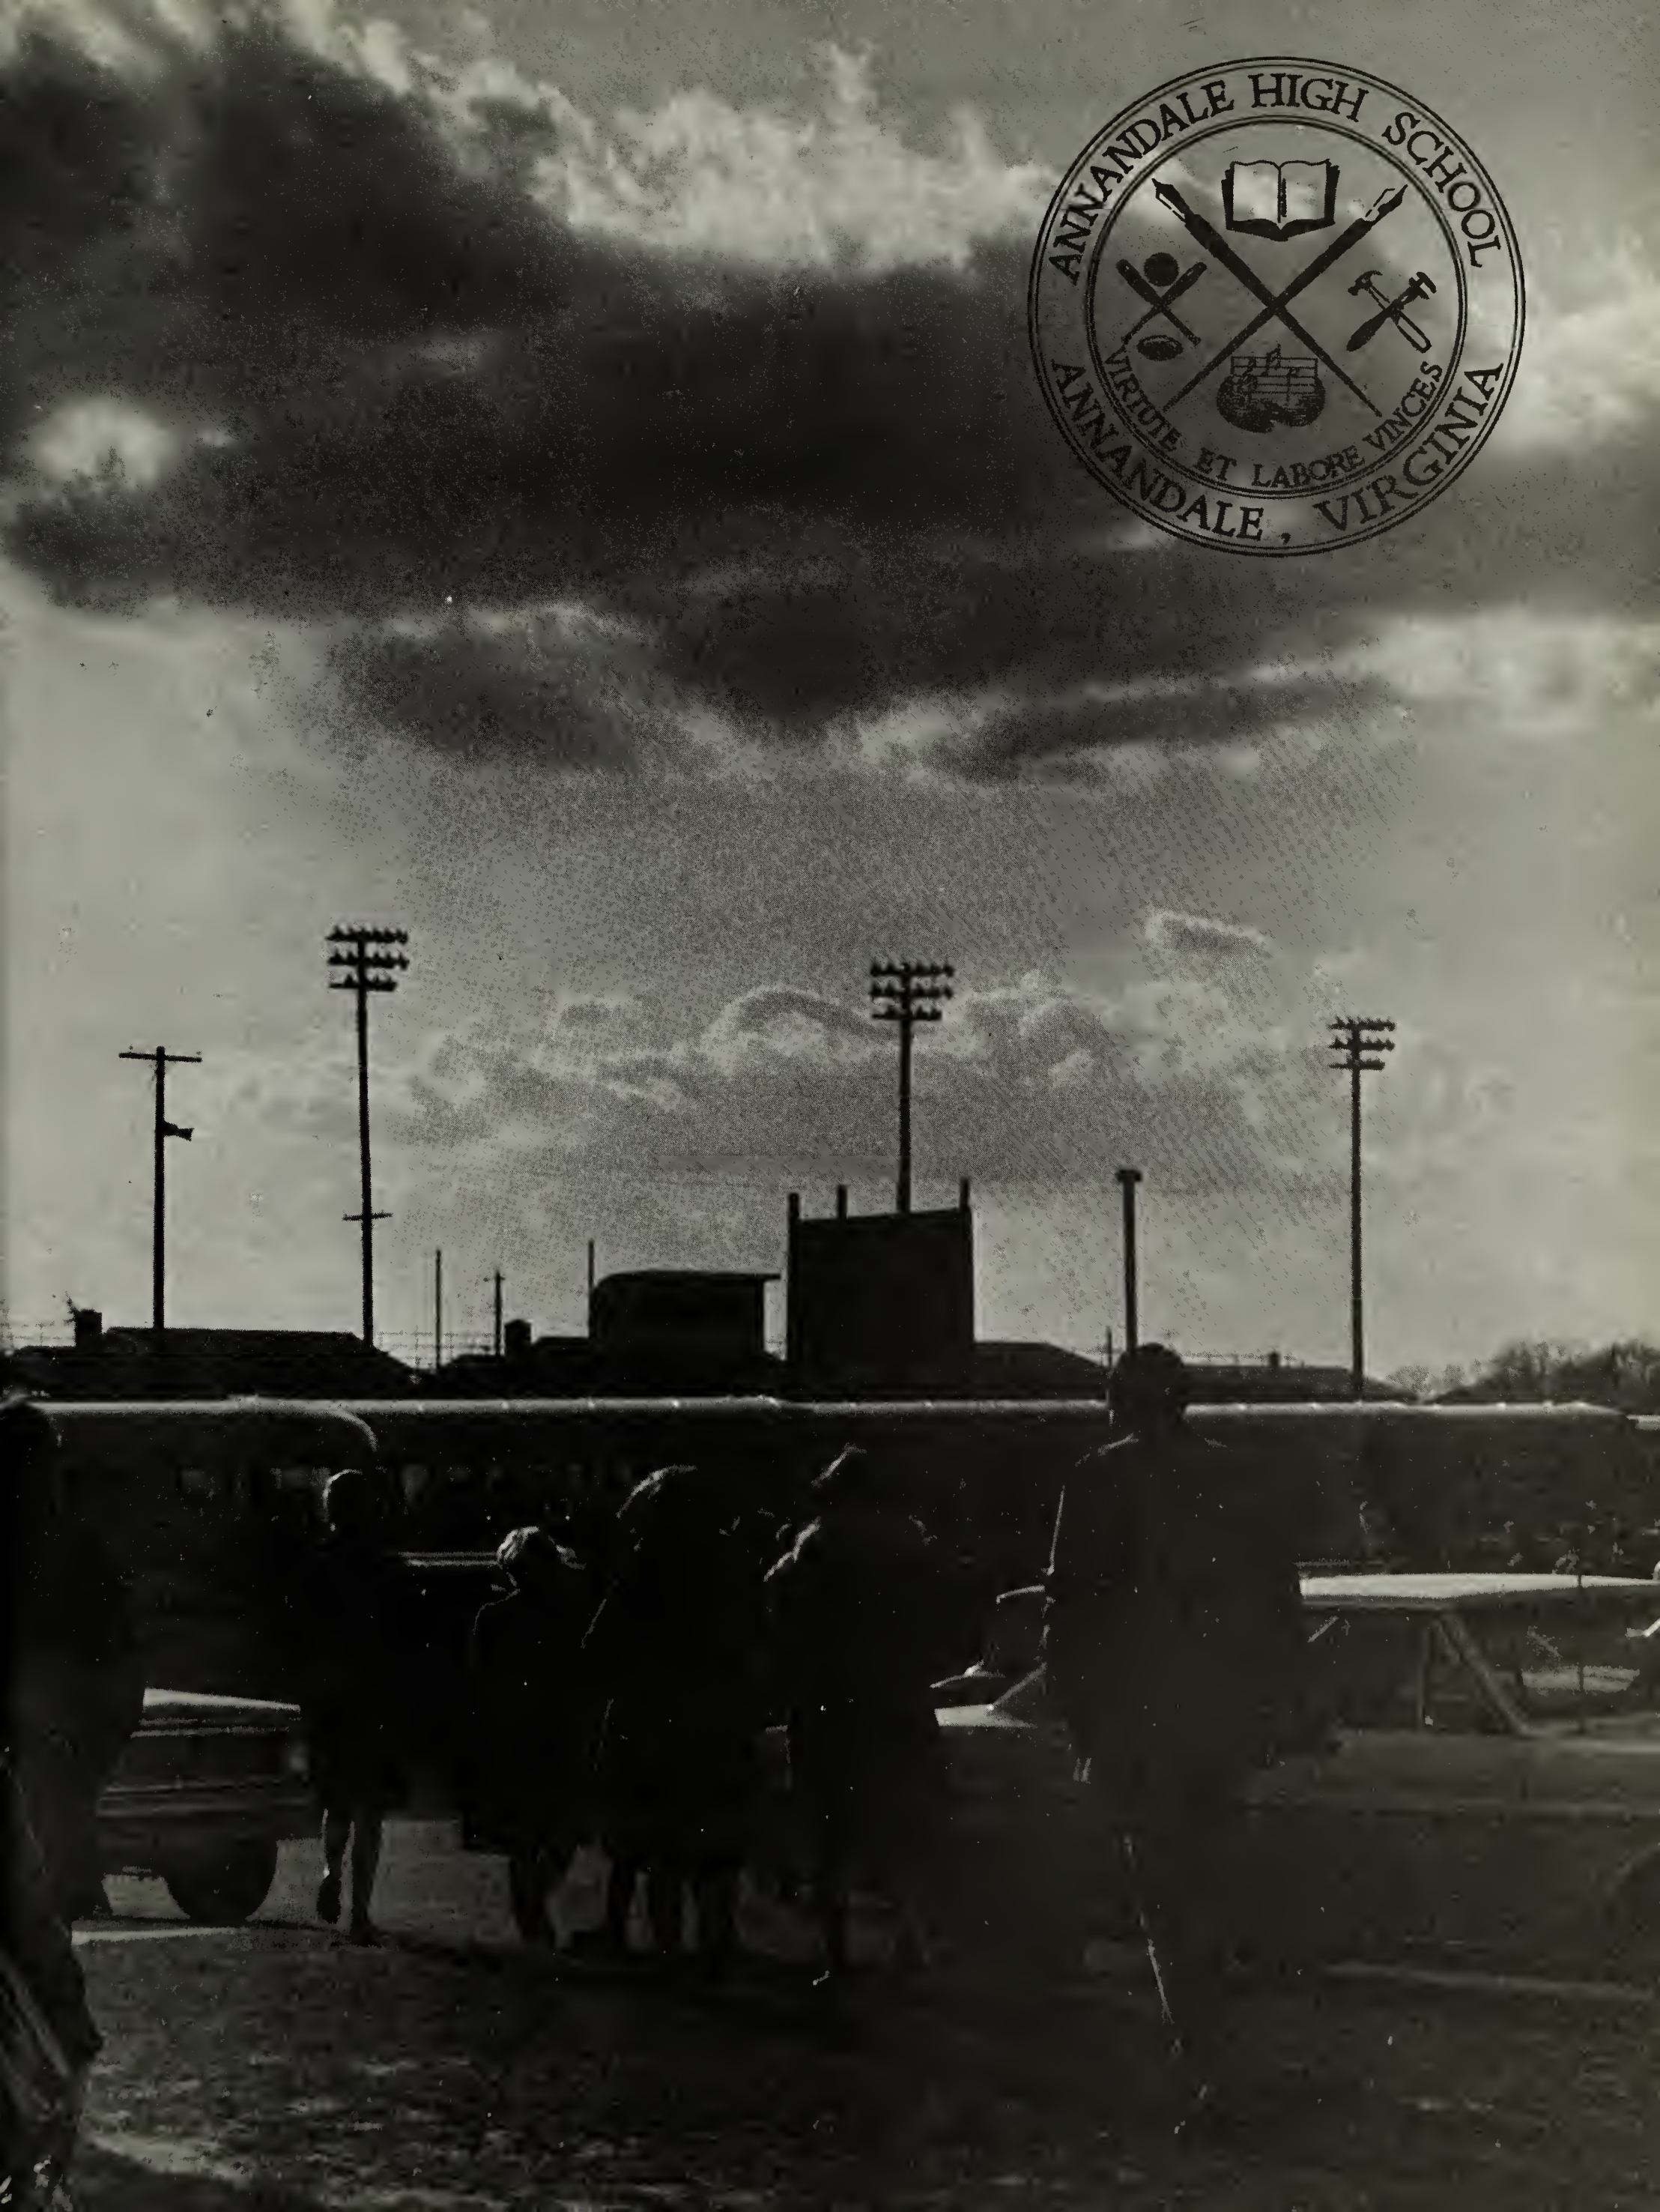

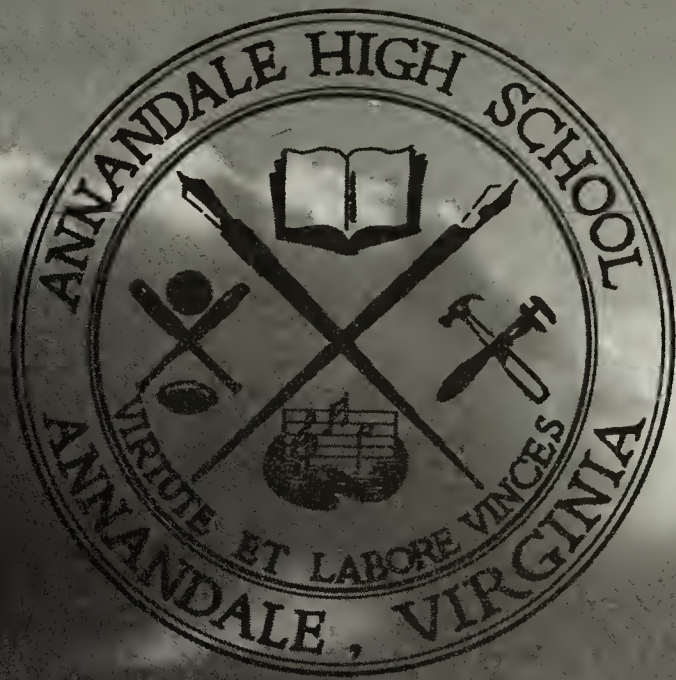

*Miss AHS of 1965 and her court:* Brenda Williams, Ann Paschall, Sandy Cook, Sue Covell, and Pat Hirst.

# UNDERCLASSES MEN

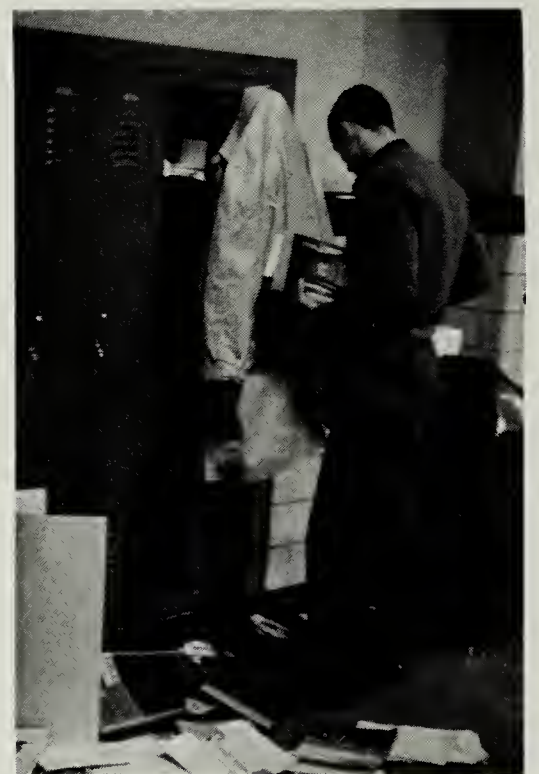

"Watch out! She just popped up from behind the encyclopedias!"

"Need any help?"

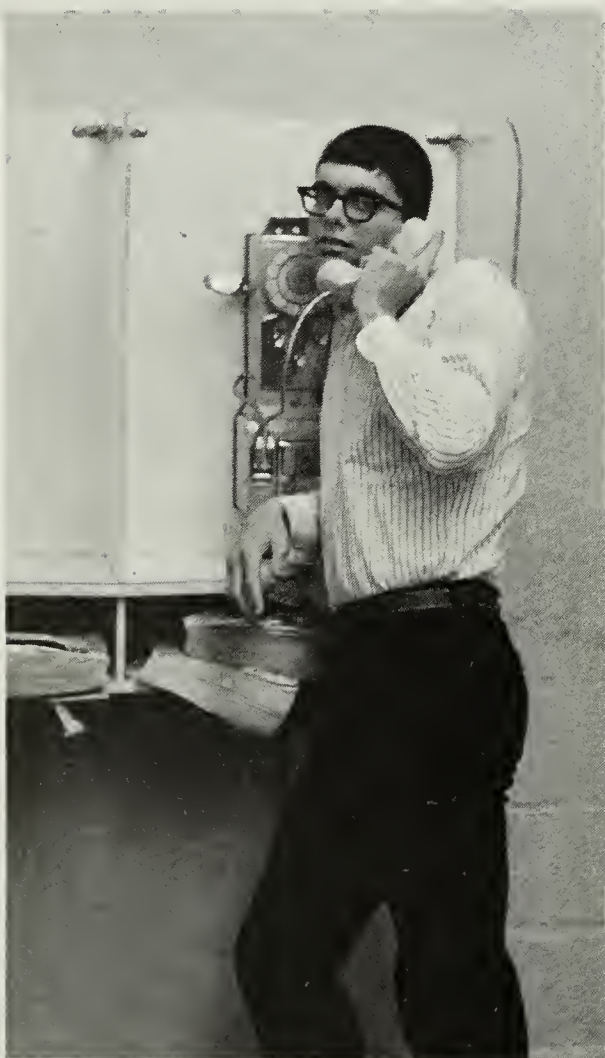

"The race is about to begin, but who's driving?"

Spring cleaning—is it really necessary?

## CLASS OF 1966

"But I *did* put a dime in, operator," cries a junior using one of Annandale's temperamental telephones.

A scene of confusion in the morning, the lobby is well known as a meeting place for all students.

Juniors find more colleges than they had dreamed existed as they use catalogues in trying to make the big decision.

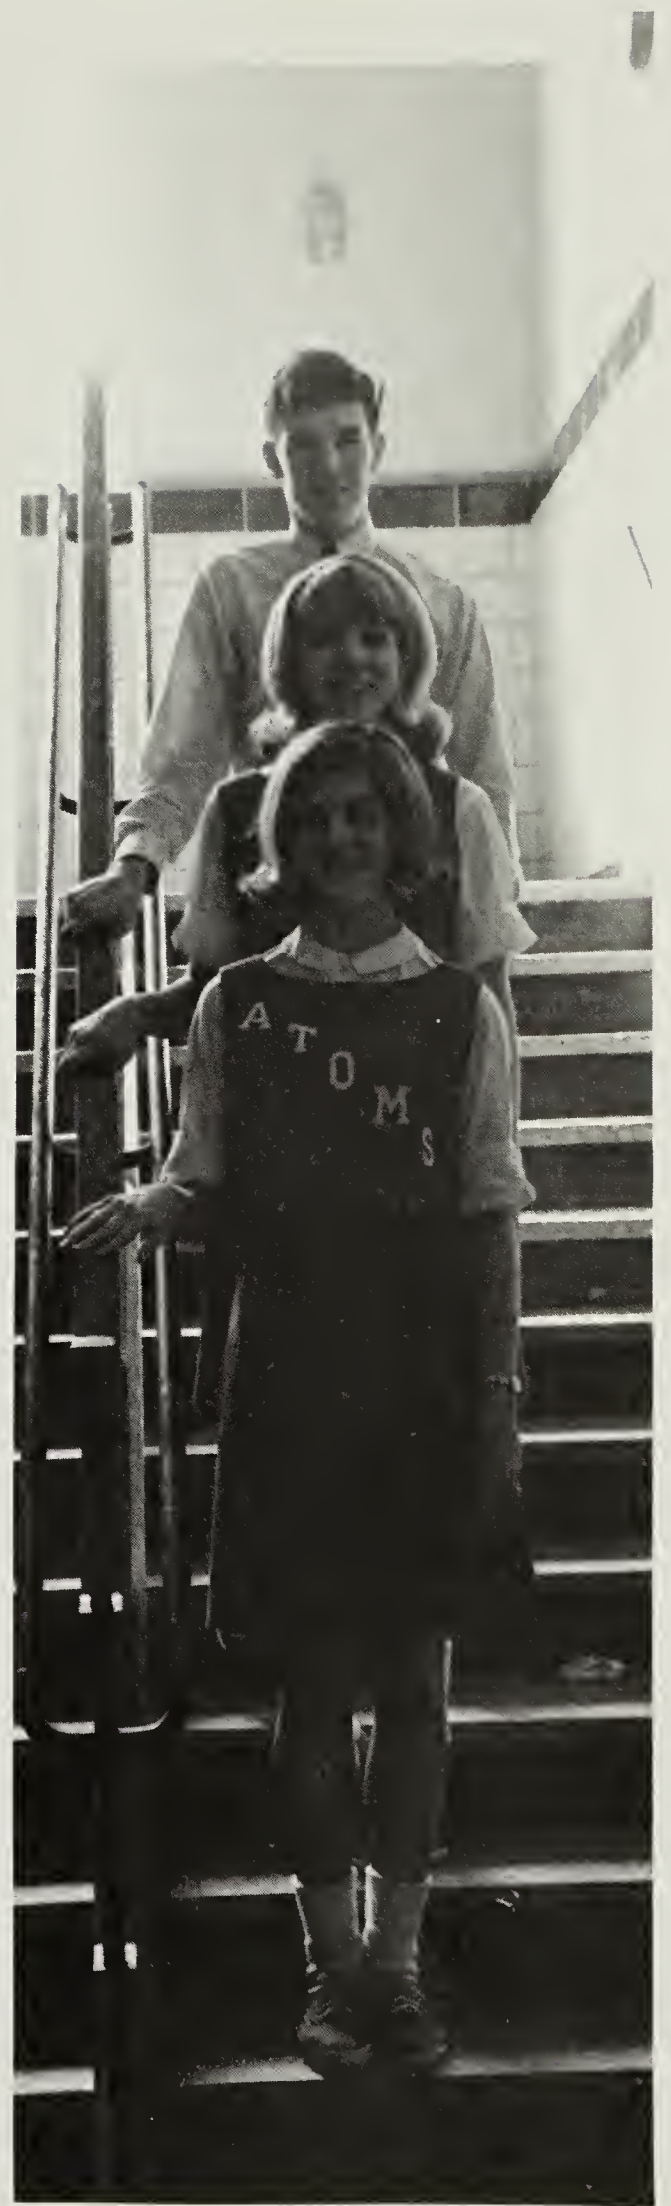

Junior Class Sponsors, Mr. Henretty and Mr. Bolding discuss their strategy for the annual "Junior Jollies." The junior class is deeply grateful for their helpful and active participation in junior class affairs.

Plunged into the new eight-period day, the Junior Class emerged in spring exhausted but satisfied with its accomplishments. With the arrival of their class rings, juniors were exposed to the excitement of the coming senior year. The College Boards and the Step-Scat tests, to which they were subjected, served to evaluate them as adults who would soon enter a vast, new world of learning. They still found time to enjoy the amusements of high school, such as the Junior Prom and the Junior Jollies. Then there were the term papers and the impossible, unpassable tests. But they survived to look forward to their senior year and the great challenge which would follow shortly thereafter, a successful future as individuals with their own goals.

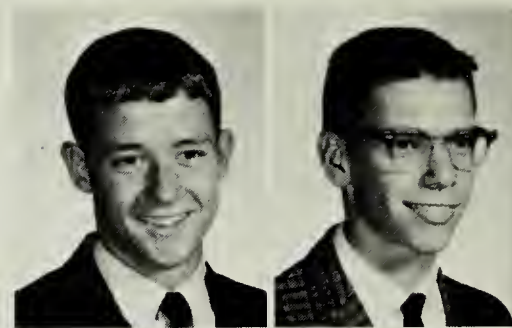

This year's Junior Class Officers are Chris Kohn, president; Sue Covell, vice-president; Sylvia Millhouse, treasurer; and Sandy Smith, secretary, who is not shown.

Is she expecting baby rats or isn't she? Only Mr. Ailstock knows for sure.

## CLASS OF 1967

Why did Barbie Ralph hide her face when this picture was taken of her with Bobby Shinn?

We heard spine-tingling tales of term papers, Chem-Study, and *The Scarlet Letter* from upper-classmen.

David Park and Richard Weakly constructing the shop's obstacle course.

The Class of 1967 expresses its appreciation to its sponsor Mr. Tom Porter, one of the more refreshingly straightforward and independent teachers at Annandale.

What will you remember about this year? Maybe the time you figured out the meaning of *The Old Man and the Sea*, or the day you discovered you could actually communicate in French, or the time in biology when you felt like a scientist on the verge of discovery, or your first year of junior varsity basketball.

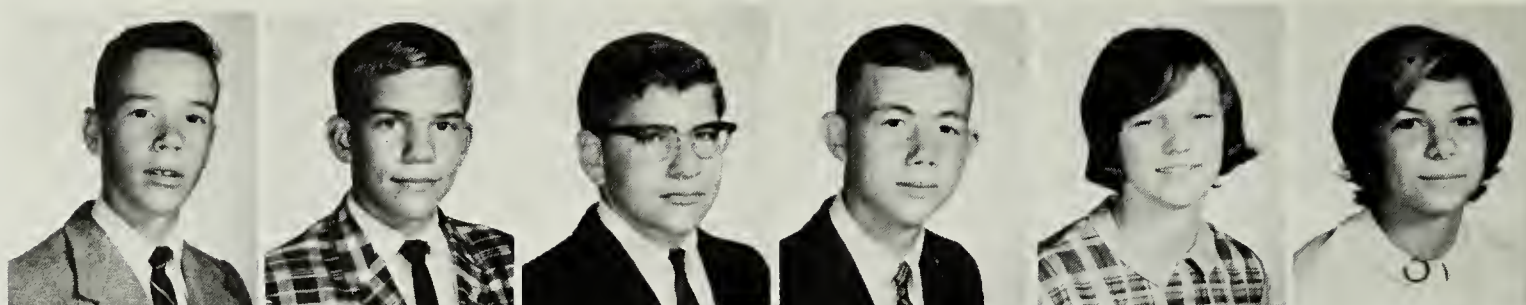

Knowledge is of things we see. — Tennyson. Annandale High School is the beginning of sight, the beginning of knowledge. But seeing comes more easily than knowing, and sights gather in tall stacks. You mean to cut them out some Sunday afternoon and file them under knowledge, but tall stacks keep gathering.

The Miss Annandale freshmen preliminary: Smile! Smile! Smile!

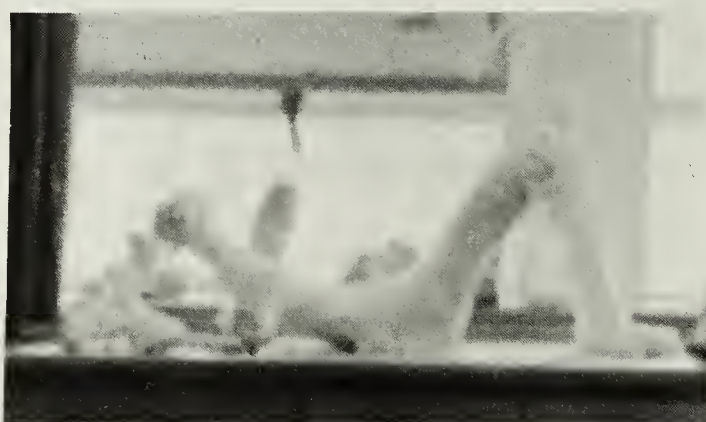

The freshman cheerleaders had a new job this year.

## CLASS OF 1968

Freshman editor George Nield finds time to practice his trombone.

This unfortunate freshman was found plastered in school.

"... over-kneading the dough will result in tough, coarse-textured bread ..."

Many thanks to the freshman sponsor, Mr. Dorminey.

Remember the first day of school? Hot, sticky, unfriendly, bewildering. But soon you were able to find your classes on time. You met people. You joined clubs. You formed cliques at the lunch tables. You found security.

New experiences were plentiful: you supported *your* team at football games; you fulfilled your lifelong ambition to be a cheerleader; you attended a high school dance; you had a crush on an upperclassman; and you had more homework than ever before.

And here, Class of 1968, is your first yearbook.

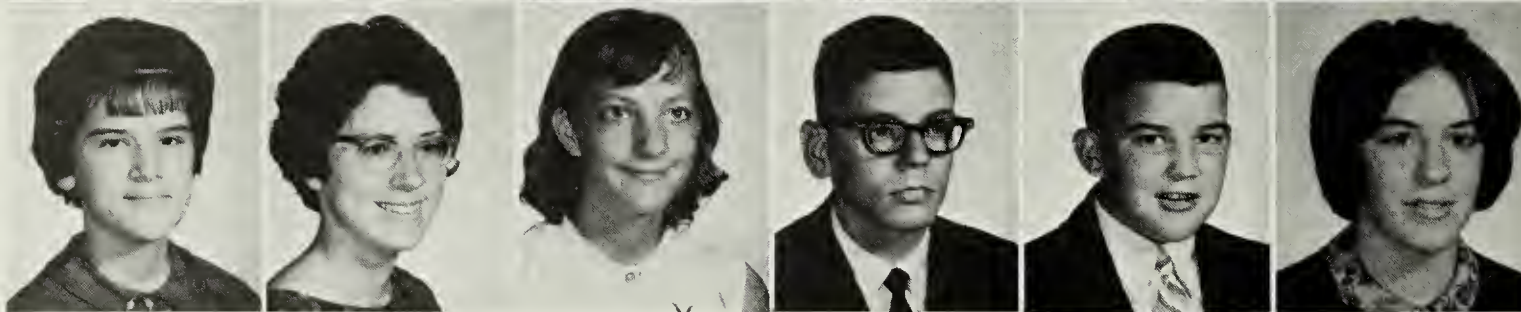

Freshman Class Officers (bottom to top): Krissy Bonkemyer, secretary; Mike Harper, treasurer; Craig Sours, vice-president; Richard Clark, president.
